

16.1 General

Longer licensing hours can help to avoid the concentration of customers leaving premises at the same time, leading to friction at late night food outlets, taxi ranks and other sources of transport. It is also recognised that licensing hours should not restrict the development of safe evening and night-time entertainments that are important for investment and employment locally. However, providing consumers with greater choice and flexibility must always be balanced carefully against the rights of local residents to peace and quiet.

There is no general presumption in Spelthorne in favour of lengthening licensing hours: the overriding principle will be the promotion of the four licensing objectives.

Stricter measures for controlling noise are likely to be sought for late licences, particularly in residential areas and/or where there has been a history of noise complaints. Please also see measures outlined under the “Public Nuisance” heading below.

Consideration will always be given to the individual merits of any application.

16.2 Shops, stores and supermarkets

Shops, stores and supermarkets will generally be permitted to sell alcohol during the normal hours they are open for shopping. However, there may be very good reasons for restricting those hours. For example, a limitation on the hours that alcohol can be sold may be appropriate, following police representations, for shops known to be the focus of disorder and disturbance, or where youths gather and behave anti-socially

24.0 Crime and Disorder

Shops and off licences applying to sell alcohol will need to address the risks to crime and disorder with measures in their operating schedules. Examples include:-

- That there will be regular staff training (whether or not staff are paid) in relation to sale of alcohol to under age people and that training records shall be kept.
- All refusals to be recorded. in a refusals book. Refusals books shall consist of a bound book with consecutively numbered pages, and shall be held at the premises and available for inspection on demand at all times by the responsible authorities. Records shall include the reason for the refused sale, whether because the customer looked under 25 and could not provide ID, or the customer appeared to be intoxicated, or whether the sales assistant suspected that the sales may be made on behalf of someone who may be underage or intoxicated (known as proxy sales).
- Use of Electronic Point of Sale (EPOS) system to remind staff via a suitable visual prompt or audible warning. Alternatively stickers can be used over certain products to remind cashiers to check the customer’s age.
- That there is CCTV coverage of the licensed premises and the immediate vicinity outside in accordance with Surrey Police’s Operational Guidelines in the use of CCTV in licensed shops.
- That a personal licence holder may be required to be on duty at high risk times such as outside school hours and during the evenings, for example where a business has been prosecuted for underage sales and/or is a source of youth disorder.

- That staff shall not sell alcohol to any person they have reason to suspect may be buying the alcohol for a child and that there shall be signage to warn adults that it is an offence to buy alcohol on behalf of a child. This is known as “proxy sales”. Where there is evidence of such sales taking place, consideration should be given to ensuring CCTV coverage outside the shop.
- In areas with problems with alcohol related youth crime and disorder, that licence holders shall participate in “Bottlewatch” schemes, if requested to do so by responsible authorities.
- In areas where there is an Offwatch scheme, that licence holders sign up to such a scheme.

24.7.1 Noise

It is recommended that operating schedules contain sufficient information for officers to form a view as to whether noise from licensable activities is likely to cause a problem to people living nearby. Applicants should provide details of proposed noise control measures, particularly if premises are in residential areas where regulated entertainment is being applied for late at night, or where there is a history of noise complaints. The licensing authority will normally apply stricter conditions in these circumstances where relevant representations have been received. Whilst each application will be considered on its individual merits it should be noted that restricting the hours of regulated entertainment may be necessary to prevent public nuisance.

Measures could include:

- A simple requirement to keep doors and windows at the premises closed when music is being played
- Limiting amplified music to a particular area of the building
- Moving speakers away from external walls or walls that abut private premises, or adjusting the direction of the speakers
- Installation of acoustic curtains, seals to doorways, rubber speaker mounts
- Fitting self-closing devices on doors so that they do not stay open.
- Monitoring noise levels at the perimeter of premises and taking action to reduce the volume if it is likely to disturb nearby neighbours, e.g. it could be too loud if the words of the song are clearly audible
- Noise limiters on amplification equipment (if proportionate to the premises – noise limiters are expensive and are likely to be a burden for smaller premises)
- Prominent clear and legible notices displayed at all exits requesting the public to respect the needs of local residents and to leave the premises and the area quietly
- The placing of bottles and cans into bins outside the premises to take place at times that will minimise disturbance to nearby premises
