133/10 ANNOUNCEMENTS FROM THE MAYOR

(1) Presentation of the Civic Pride Environmental Awards

The Deputy Mayor welcomed Jill Stephens the Chairman of the Spelthorne Civic Pride and some of the volunteers and the Award winners who were in attendance at the meeting.

The Deputy Mayor reported that it was a privilege to be involved with the Spelthorne Civic Pride Environmental Awards Scheme which had started in 1992 to acknowledge the work of its volunteers. Currently Civic Pride had seven on-going community projects (1) Black Ditch Walk in Shepperton, (2) Laleham Pond, (3) Millennium Wood, (4) St. Nicholas Nature Reserve, Shepperton, (5) Splash Pond, (6) Nutty Wood and (7) Community Orchard as well as undertaking organised litter picks throughout the Borough during April and October.

The Deputy Mayor then invited Jill Stephens the Chairman of Spelthorne Civic Pride to address the Council, before he presented the awards to the successful winners in each category. Jill Stephens in addressing the Council outlined the significant contributions and long term dedication of the Civic Pride volunteers. She reported that the Spelthorne Civic Pride Environmental Awards were now in their 18th year and since 1992 they had

been given to a wide variety of individuals and groups. The environmental awards covered two categories. The first was the Junior Award for those under 18, and the second Senior Award was for the more mature volunteers.

The Deputy Mayor and Jill Stephens then presented the 2009 Senior Environmental Award to Eric Hubbard in recognition of over 20 years continuous voluntary work to improve the environment by removing litter from around the river Thames in Spelthorne.

Jill reported that it was decided to give Junior Awards to an unprecedented three groups, as the Steering Group felt that none of the projects should wait until next year for recognition.

They then presented the 2009 Junior Environmental Award to firstly, representatives from A2 Housing Beards Road Project Team in recognition of their work in bringing together all sections of the community to reduce litter, graffiti and vandalism and build pride in the area. The second award was presented to representatives from St Nicholas' primary School, Shepperton who had already earned a Green Flag Award, for their continuing efforts to improve the local environment. This had included during this year: organising litter picks in the streets around the school, holding lunch time waste challenges to reduce waste from packed lunches and using water butts to water their vegetable garden. They were also the leading partner in the Funky Footprints Nature Reserve which was currently being considered as a Site of Nature Conservation Importance by Surrey Wildlife Trust. The third award was presented to Sunbury Manor School's Eco Team, whose initiatives included community litter picks, an eco rally, providing community recycling facilities for local residents, recycling within the school itself and an annual recycling audit.

150/10 GENERAL QUESTIONS

Under Standing Order 14, Councillor Tony Crabb submitted the following question:

“What plans has the Leader for keeping members informed of the progress of the lengthy task of prioritising the recommendations of the welcome comprehensive report from Trevor Roberts Associates on the planning service and the resulting action plans? What member involvement will there be in that process?”

Reply by the Leader, Councillor John Packman

“Thank you for your question Councillor Crabb. Those members who have taken the opportunity to read the Trevor Roberts Associates Report will know that it contains a great deal of detail and many recommendations. It also confirms that the Council provides an ‘essentially sound’ planning service. Some of these recommendations are operational, some are constitutional. There are also matters which affect wider management issues, for example complaints handling. It was therefore appropriate that I considered the most flexible and suitable way to address all these issues.

As a result, I have decided to institute a Leader’s Monitoring Group which will have the initial remit to consider the Trevor Roberts Report.

I will ask the Monitoring Group to report to myself and the officers’ Management Team and suggest how issues can be tackled. I am sure some recommendations can simply be implemented by the planning service. Others might need more consideration by the Overview and Scrutiny Committee, the Cabinet or in some cases by the Standards Committee. If this is the case then I would refer the matters to be looked at formally by those different committees. This means that the bigger issues are likely to come before other committees as part of their business.

It is my intention that the actions of the Council will be transparent to the public who will clearly want to know the response which we have taken to all the issues raised in the report. I will be asking the Monitoring Group to consider how best this can be achieved and to report to me on that as one of its earliest tasks.

The draft summary report is proceeding through Management Team and will be presented to Cabinet to start the process of Councillor involvement on 8 June 2010.”

Under Standing Order 14, Councillor Lawrence Nichols submitted the following question:

“Has the Cabinet accepted the principle of the Eco Park at Charlton or will it be making that decision when it considers the report to be submitted at the Cabinet meeting in June?”

Reply by Councillor Gerry Forsbrey:

“The Eco Park project is being progressed by SITA UK and it is expected that a planning application for the Eco Park scheme at Charlton Lane will be submitted in due course. SITA are keeping us and the community informed of progress but when the planning application is submitted it will be submitted to Surrey CC and Spelthorne as a statutory consultee. Until that submission received, along with all of the relevant information pertaining to the environmental impact of the proposed scheme, only then will the Cabinet be in a position to arrive at a decision. Councillors and residents are advised not to pre-judge the outcome and await the outcome of the application.”

Under Standing Order 14.2, Councillor Lawrence Nichols asked the following supplementary question:

“What arrangements are Spelthorne Borough Council considering so that we may listen to the legitimate concerns of residents?”

Reply by Councillor Gerry Forsbrey:

“Two open days have already been held by SITA at Shepperton Village Hall and another is planned. The proposals are currently being devised and when the planning application is received the Council will notify the Charlton Village and Upper Halliford Residents Associations. SITA is also in the process of sending letters to interested stakeholders to invite them to a constituents’ liaison group.”

Under Standing Order 14, Councillor Mrs. Caroline Nichols submitted the following question:

“Does the Leader share my concern at the amount of officer time which is being devoted to handling complaints from residents affected as a result of the introduction of charges in the Lower Sunbury car parks? Can the Council’s parking review be brought forward?”

Reply by the Leader, Councillor John Packman

“The Councillor can be assured that the introduction of charges in Lower Sunbury has not generated any greater correspondence than normal for changes in charging regimes. Parking services, by its very nature, generate correspondence which is dealt with by the officers as a normal part of their duties. Parking services has recently been reviewed in terms of the operation on a day to day basis and considerable improvements have been made and it is not our intention at the present time to carry out a further review in the foreseeable future.”

Under Standing Order 14.2, Councillor Mrs Caroline Nichols asked the following supplementary question:

“Can you advise what the improvements are that have been made following the parking services review? Why do agency agreements affect a decision as to when to do a review? As a ward councillor the review that seems to be required is to see the consequences of impact on the area as a result of the introduction of parking charges.”

Reply by the Leader, Councillor John Packman

“The reference to agency agreements was in the written answer circulated to members prior to the Council meeting but has now been withdrawn from the answer. I have also indicated previously that a review has already been carried out and a further review will not take place in the foreseeable future. The Council has to discuss issues relating to off street parking with the County Council. If the Councillor has further questions on this subject she is entitled to ask officers of the Council outside of the meeting.”

Under Standing Order 14, Councillor Mrs Elizabeth Bell submitted the following question:

“Please could the portfolio holder give an update on the Mitchison Court development, including the expected date for the first residents to move in and the date the Benwell Community Centre is expected to open?”

Reply by Councillor Mrs Leighton

“I am delighted to report that the Mitchison Court Development and the Benwell Community Centre are progressing well despite the very bad weather that we experienced in January. At that time about three weeks work was lost but with the good

weather work is now moving forward at a fast pace and it is hoped that we will shortly be back on track.

The plan is for resident occupation by the end of September or early October. This, members will recall will provide urgently needed Extra Care housing. The Benwell Community Centre is expected to open the beginning of October 2010. I am also pleased to report that staff from Spelthorne Borough Council and Nottingham Housing Trust have already met with the users of the Churchill Over 50's club to identify what activities they want so all is ready for the transfer.

This Council should be justly proud of what it has achieved with this exciting new development and I hope that all Councillors will join me in looking forward to the opening of this facility which will benefit so many in the community.”
