# MINUTES OF THE OVERVIEW AND SCRUTINY COMMITTEE 13 SEPTEMBER 2011

#### Present:

Councillor Philippa Broom (Chairman) Councillor Mrs Marian Rough (Vice-Chairman)

Councillors:

| A. Ayub            | R.D. Dunn      | D. Gohil       |
|--------------------|----------------|----------------|
| Mrs C.A. Bannister | M.P.C. Francis | Ms J.R. Sexton |

I.J. Beardsmore

Apologies: Councillors Ms M. Bushnell, Mrs I. Napper, Mrs C.A. Nichols, A.P. Patterson and Ms S. Webb

#### In Attendance

The following Cabinet Members were in attendance and at the invitation of the Chairman took part in the discussion of those items relevant to their Portfolio.

Councillor Mrs V.J. Leighton – Leader of the Council and Cabinet Member for Strategy and Staff

Councillor R.A. Smith-Ainsley – Deputy Leader and Cabinet Member for Planning and Housing

Councillor Penny Forbes-Forsyth – Cabinet Member for Parks and Leisure Councillor R.L. Watts – Cabinet Member for the Environment

#### 226/11 DISCLOSURES OF INTERESTS

No disclosures of interests reported.

#### 227/11 MINUTES

The minutes of the meeting held on 14 June 2011 were approved as a correct record.

#### 228/11 MATTERS ARISING FROM THE MINUTES

#### (1) Ashford and St Peter's Hospitals Seminar

The Chairman reported on the outcome of the Ashford and St Peter's Hospital Trust seminar. The seminar had been well attended with some senior delegates attending from the Trust to discuss future plans. The three main areas covered were (1) car parking on the two sites but especially St Peter's, (2) tendering the catering contract on a commercial basis and (3) the issues of the potential merger with Epsom Hospital.

**RESOLVED** to note the outcome of the seminar and agreed that the situation be monitored with a further seminar/meeting being arranged for the future, if required.

#### OVERVIEW AND SCRUTINY COMMITTEE, 13 SEPTEMBER 2011-Continued

#### (2) Election Task Group

The Chairman reported that the work of the task group was progressing, although it had yet to meet formally. Councillor Davis would be arranging to meet with the other members of the task group which in addition to Councillors Beardsmore and Mrs Napper would include Councillor Mrs Rough.

**RESOLVED** to note the current position with regard to the work of the Task Group.

#### 229/11 CALL IN OF CABINET DECISIONS

No decisions had been called in.

#### 230/11 OUTCOME OF RECOMMENDATION TO THE CABINET

The Committee noted that the recommendation on the implementation of the policies on waste collection and how these would be enforced had been approved by the Cabinet.

#### 231/11 HOUSING RISKS AND MITIGATION

The joint Heads of Housing and Independent Living gave a presentation that addressed the Council's statutory housing obligations, the homeless criteria, involvement of other agencies and stakeholders as well as relevant statistical data for the borough. A copy of the presentation is attached.

In support of the presentation the Officers had produced a briefing paper covering the numerous issues and key risks areas the council's housing service faced. The paper outlined the short, medium and long term measures both implemented and proposed to alleviate the pressures.

It was identified that the Borough was experiencing a growth in homelessness due to the economic climate and the changes in housing and benefit legislation. The Department of Work and Pensions had made alterations to the way Housing Benefit were paid for households placed in bed and breakfast accommodation. It was noted that there were times when the only option available was to place householders in bed and breakfast accommodation. It was acknowledged that this was not a satisfactory course of action particularly with householders with young children.

The Committee discussed the recent merger of Spelthorne CAB with Runnymede and noted that to date the organisation was not offering debt advice and assistance to Spelthorne residents in housing need. To rectify this situation the Council's housing team were currently undertaking some of this work. It was noted that meetings were arranged including with Councillor Gething the Cabinet member responsible for Communication and would continue with the new CAB manager appointed to cover both Spelthorne and Runnymede to ensure that a service level agreement was in place and to discuss the funding aspect. The Chairman asked that the officers keep her up to date with progress being made.

The Committee noted the investigations into initiatives and opportunities to increase and improve the supply of private rented sector accommodation being undertaken. It was noted that one possible solution could be where

landlords were given financial assistance to improve their property on the basis that the property was then available to the council.

The joint Heads of Housing and Independent Living indicated their willingness to report progress being made on the housing services at a future meeting of the committee.

#### **RESOLVED** that:

- (1) The presentation be received;
- (2) The Housing and Independent Living Team be thanked for their continued commitment to the services provided to the residents and the way they tackle the challenges they face; and
- (3) A progress report be submitted to a future meeting of the committee.

### 232/11 REVENUE BUDGET OUTTURN POSITION 2010-2011

The Committee discussed with Adrian Flynn, Senior Accountant, the report covering the current spend and income figures for the period April to July 2011, which revealed that £4.619m had been spent against the year to date budget of £4.527m and the full year budget of £12.663m.

**RESOLVED** that the report of the Chief Finance Officer outlining the current revenue spend position for the period April to July 2011 be noted.

# 233/11 CAPITAL BUDGET OUTTURN POSITION 2010-2011

The Committee discussed with Adrian Flynn, Senior Accountant the report covering the current spend figures for the period April to July 2011 on the capital programme. The committee noted that £544k had been spent to date against the original budget of £1,526k and against a revised budget of £2,037k.

The officers agreed to obtain further information on the Disabled Facilities Grant which in the first quarter of the financial year had spent 55% of the budget.

**RESOLVED** that the report of the Chief Finance Officer outlining the Capital monitoring position for the period April to July 2011 be noted.

#### 234/11 WORKFORCE MONITORING 2011

The Committee noted that the report from the Head of Human Resources on the diversity of the workforce and recruitment monitoring for the year 2010/11 had been included on the agenda for information only.

The report provided information on the diversity across age, gender, disability and ethnicity of the Council's workforce, recruitment monitoring for the year and on trends and actions taken.

The Chairman reminded the Committee that members had the opportunity to submit specific questions direct to the Lead Officer for scrutiny if they wished.

**RESOLVED** that the report from the Head of Human Resources on the monitoring data and workforce statistics for the year 2010/11 be received and the action taken noted.

# 235/11 FOOD WASTE COLLECTION SERVICE

The Lead member of the Task Group, Councillor Asif Ayub, reported verbally on the progress being made by the Task Group which covered the main objectives agreed and the work undertaken to date.

#### **RESOLVED** that:

- (1) The progress report on the work of the Task Group be noted; and
- (2) A further report be submitted to a future meeting of the Committee

# 236/11 PARKS AND OPEN SPACES TASK GROUP

The Chairman reported verbally on the work being progressed by the Task Group covering the terms of reference, what the task group wished to look at and the work undertaken to date. The Committee noted that part of the work of the task group included play facilities for disabled children.

# **RESOLVED** that:

- (1) The progress report on the work of the Task Group be noted; and
- (2) A further report be submitted to a future meeting of the Committee.

# 237/11 CABINET FORWARD PLAN

The Committee received the Cabinet Forward Plan

# 238/11 WORK PROGRAMME 2011/2012

The Committee received the current work programme together with the list of topics identified by the committee members at the last meeting which had been updated to show the action taken to date. It was noted that a report on the work of the Leader's Task Group looking into the ICT contract would be submitted to a future meeting of this committee.

# RESOLVED that:

- (1) the work programme be agreed; and
- (2) The Chairman together with the Lead Officers for scrutiny be authorised to progress arrangements.

# 239/11 ANY OTHER BUSINESS

The following additional matters were reported:

# (1) Cabinet Members

The Chairman expressed her thanks and appreciation to the Cabinet members who had attended the meeting and taken part in the debate of those items relevant to their portfolio.

# (2) Councillor Gohil – future issues

In accordance with the procedures for notifying the Chairman and Scrutiny Officers 24 hour prior to a committee meeting of any other additional items for consideration. It was noted that Councillor Gohil would be emailing the Chairman to give notice of his request.

### Revenue Monitoring and Projected Outturns as at September 2011 – KEY DECISION

# Overview and Scrutiny 15 November 2011 Resolution required Report of the Chief Finance Officer REPORT SUMMARY

# How does the content of this report improve the quality of life of Borough Residents

This report shows the Authority's revenue spend figures and how resources were spent on providing services for residents for the 6 month period, April to September 2011.

#### **Purpose of Report**

To provide Members with the revenue spend figures to September 2011

To show the forecasted year end position identifying major anticipated variances.

#### **Key Issues**

- The forecast outturn is £12.620m against the revised budget of £12.367m an over spend of £253k (2.0%). After taking account of the impact of one-redundancy costs relating to restructuring the underlying projected variance is currently £142k (1%)
- The main area of significant adverse variance relates to Asset Management where a) budget for partnership costs with Runnymede had been omitted and b) there is currently a projected overspend on responsive/planned maintenance, officers are currently in discussions with Runnymede in order to reduce spend in remainder of year to bring this spend back toward budget.

#### **Financial Implications**

As set out within the report and appendices **Corporate Priority**: Sustainable financial future

#### **Officer Recommendations**

Overview and Scrutiny Committee are asked to note the report

Report Author: Terry Collier Assistant Chief Executive 01784 446296

Area of Responsibility: Chief Finance Officer 01784 446296 Cabinet member: Councillor Tim Evans

#### MAIN REPORT

#### 1. BACKGROUND

- 1.1 The purpose of this report is to update Members on the revenue spend and forecast outturn position as at the 30 September 2011.
- 1.2 To inform Members of the reasons for the variances identified against the budget agreed in February 2011.
- 1.3 In the budgets agreed for Heads of Service, it is always anticipated that there will be budget variances from the original budget. This ensures that the Authority meets any change in the needs of the service to adapt to any unexpected changes which happen in the period.

#### 2. KEY ISSUES

- 2.1 In **Appendix A** the actual spend to date is £5.474m against the full year revised budget of £12.367m (44%).
- 2.2 The forecast over spend at net expenditure level is £253k (2.0%) of the revised budget. After taking account of the impact of one-redundancy costs relating to restructuring the underlying projected variance is currently £142k (1%)
- 2.3
- 2.4 In **Appendices B1** to **B9** the major areas causing the year to date budget to be higher or lower than the Actual spend to date are detailed.
- 2.5 Budgets are profiled where there is a normal expected payment date e.g. National Non-Domestic Rates (NNDR) payments are profiled to be paid in May, salaries in 12<sup>ths,</sup> grants on the month they were received previously, contracts on the payment frequency agreed, rentals on a quarterly basis etc. This still means however that the majority of expenditure, profiled in 12ths to be spent, is reliant upon Service Heads ordering goods and services on a regular basis. In reality the major proportion of spend is generally made in the second half of the year. There will always be some timing differences, which do not reflect underlying budget variances.
- 2.6 The major area of spend relates to Housing Benefit payments which are made 4 weekly at varying levels from £1.7m max to £20k minimum. However the grant income received comes in monthly based on estimates agreed at the start of the year. An interim adjustment payment is paid or repaid after the mid year claim is submitted. Timing differences in excess of £1.5m in one month could occur if 2 large benefit payment runs occur within the same month. Currently there is a variance of £690k between income received and expenditure paid out
- 2.7 **Appendices B1** to **B9** gives a summarised breakdown of the revenue spend by portfolio Area, firstly in overall terms and then breaking each portfolio down by cost centres
- 2.8 Officer comments on more significant expenditure/income variances are to be found in **Appendix C**. These variances have been analysed between variances caused in the main by timing differences and variances, where there is an underlying reason.
- 2.9 Investment income to date is £193k, with a projected full years income forecast of £356k. However, this could change if the investment management strategy changes as it anticipated.

#### 3. PROPOSALS

3.1 Overview and Scrutiny are asked to note the current revenue spend and forecast outturn position.

#### 4. BENEFITS AND SUSTAINABILITY

- 4.1 Careful monitoring of the budgets enables greater transparency of budget problems and action to be taken, when required, on areas identified as areas of concern
- 4.2 A systematic approach to budget monitoring will hopefully alleviate problems of major discrepancies not being highlighted until year end.
- 4.3 Constant monitoring of the budgets enables Heads of Service to be held more accountable for their budgetary spend and any major unidentified variations which occur.

#### 5. FINANCIAL IMPLICATIONS

5.1 As set out within the report and appendices.

#### 6. LEGAL IMPLICATIONS / OTHER CONSIDERATIONS

6.1 There are none

#### 7. RISKS AND HOW THEY WILL BE MITIGATED

- 7.1 A projected balanced outturn depends on Management Team (MAT), Heads of Service and all Budget Managers, managing their budgets within the parameters that were originally agreed and achieving, where necessary, corresponding growth and savings within those budgets. Careful monitoring of the budgets on a monthly basis ensures that any problems or anomalies are identified and investigated at an early stage.
- 7.2 Any necessary corrective action on major budget variations, which cannot be remedied within the Service, are reported to MAT immediately in order to ensure that as much time and opportunity is had to enable the position to be rectified quickly within the current financial year.

#### 8. TIMETABLE FOR IMPLEMENTATION

8.1 Bi-monthly reports are produced for Management Team.

**Report Authors**: David Lawrence Chief Accountant 01784 446471 and Adrian Flynn Senior Accountant 01784 444268

# 2011/12 Capital Monitoring Report

# **Overview and Scrutiny Committee 15 November 2011**

# Resolution Required Report of the Chief Finance Officer REPORT SUMMARY

# How does the content of this report improve the quality of life of Borough Residents

Money spent on capital schemes enables the Authority to ensure that residents are able to have an improved standard of living and facilities.

#### **Purpose of Report**

To provide the Committee with the spend figures, for the period April to September 2011 on the Capital Programme.

#### Key Issues

• The projected outturn shows that we are anticipating to spend by the financial year end £1,942,000, which represents 95% of the revised budget.

#### **Financial Implications**

As set out within the report and appendices

#### **Corporate Priority**

A sustainable financial future.

#### **Officer Recommendations**

The Committee is asked to note the report.

Report Author: Adrian Flynn Senior Accountant (01784 444268) Contact: Terry Collier, Chief Finance Officer (01784 446296) Cabinet Member: Councillor Tim Evans

#### MAIN REPORT

#### 1. BACKGROUND

- 1.1 The purpose of this report is to update Committee on the capital spend against the budget position of schemes which have been included in the capital programme.
- 1.2 To inform the Committee of the reasons for variances.
- 1.3 This will be the last financial year, where Spelthorne will have sufficient capital funds to fully fund anticipated future capital programmes, thereafter we will need to start either drawing down revenue reserves, making revenue contributions to capital or finding additional funding sources.

#### 2. KEY ISSUES

#### 2.1 <u>Capital</u>

2.2

- (a) Attached, as **Appendix A and B**, is the current spend to date on capital covering the period April to September 2011.
- (b) For the period ending 30 September 2011, capital expenditure was £790k (52%) of the original budget and (39%) of the revised budget.
- (c) The equivalent spend in the corresponding period of the previous year was also £778,000 (38%) of the original budget and (31%) of the revised budget.
- (d) The difference between the original budget and the revised budget is £511,040. The £511,040 is broken down as £203,500 worth of carry forwards from 10/11 and £307,540 worth of supplementary estimates, made up as follows,
  - Food waste Scheme : £265,000
  - Walled Garden Irrigation : £ 28,000
  - Pa system : £ 14,540

#### The following projects are worth noting:

- (a) Home Improvement Agency Grant There is likely to be a significant under spend of £9,000 this year, due to A2Dominion only requiring us to pay them £26,300 to provide this service in the current year. This sum will increase next year by at least Retail Prices Index.
- (b) Food Waste Food waste bins and Caddie's delivered and the scheme commenced on 24<sup>th</sup> October 2011.
- (c) Car Park Improvements The Automatic number plate reader machine project is about to go out to tender.
- (d) Air Quality works partially completed. Any grant not used is due to be returned to Defra.
- (e) The refurbishment of the 1<sup>st</sup> Floor toilets at Knowle Green were approved by the Leader of the Council and the project was completed by the 31 October 2011.

- (f) Small direct service vehicle This project has been duplicated within the capital programme and the forecast spend has been included within the forecast outturn of the food waste project.
- (g) Contaminated Land Investigation The original investigation and the subsequent remediation works have been funded by grants from Defra.
- (h) The expenditure relating to the three improvement projects are to be match funded by Surrey County Council, we are awaiting the final instalment of £100,000 of funding (the County was paying in three instalments with final instalment in 2011-12).
- (i) Capital Salaries It is very unlikely that there will be any use of this budget during the current and future financial years, as the criteria for capitalising salaries as capital expenditure has tighten as a result of new accounting standards.
- (j) Transactions involving all the projects, but particularly critical ditches, allotments, bowls club self management and IT are being reviewed on a regular basis throughout, the year to ensure that they meet the definition of capital expenditure as laid down by our external auditors KPMG and accounting standards. Any transaction that fails to meet the capital definition will be transferred to revenue.

#### 3. PROPOSALS

3.1 Overview and Scrutiny are to note the current spend position.

#### 4. BENEFITS AND SUSTAINABILITY

4.1 Careful monitoring of the budgets enables greater information on the likely outturn position which enables improved treasury management interest forecasts as predicted underspends or slippages can be incorporated when calculating the likely outturn position for investment income.

#### 5. FINANCIAL IMPLICATIONS

5.1 Any underspend on the approved capital programme enables the Authority to invest the monies to gain additional investment income, or can be used to fund additional schemes identified.

#### 6. LEGAL IMPLICATIONS/OTHER CONSIDERATIONS

6.1 Schemes which are currently incomplete and require a budget carry forward may have contractual obligations which could leave us liable to litigation if they are not allocated the funds to complete the works.

#### 7. RISKS AND HOW THEY WILL BE MITIGATED

7.1 Regular monitoring and updating of the actual figures will enable changes to be picked up and allow corrective action to be taken where necessary in a timely manner.

#### 8. TIMETABLE FOR IMPLEMENTATION

8.1 Bi-monthly monitoring reports are prepared for Management Team and incorporate revised actual figures.

#### Report Author: Adrian Flynn, Senior Accountant (01784) 444268 Background Papers: There are none.

# Treasury Management Half Yearly Report 2011/2012 Key Decision

# **Overview and Scrutiny 15 November 2011**

# **Resolution Required**

# **Report of the Chief Finance Officer**

# **REPORT SUMMARY**

#### How does the content of this report improve the quality of life of Borough Residents

The ability of the Council to generate maximum net investment returns with minimal risk provides significant resources for the General Fund revenue budget and the subsequent financing of the Council's services to local residents.

#### **Purpose of Report**

This report is to update members on treasury management activities for the first half year to 30<sup>th</sup> September 2011 and to ask members to approve changes to the Council's investment strategy with a view to gaining additional investment flexibility to enhance future returns.

#### Key Issues

- To note the treasury position achieved against the prevailing interest rate and economic backgrounds operating during the first six months of 2011/12.
- To note the ongoing environment in global banking systems and markets.
- To update the Council's creditworthiness criteria to reflect the current investment environment and the use of other types of financial instruments to enhance future investment returns.

#### **Financial Implications**

• The need to maximise the Council's investment returns while maintaining flexibility and a high level of security with minimal risk.

#### **Corporate Priority**

All corporate priorities are supported.

#### **Officer Recommendations**

The Committee is asked to note:

- 1. The proposed changes to the Treasury Management Strategy;
- 2. The proposed use of pooled funds within the list of approved investments;
- 3. The revisions to the Council's creditworthiness criteria.

Contact: Terry Collier, Chief Finance Officer, 01784 446296 Cabinet member: Councillor Tim Evans

#### MAIN REPORT

#### 1. BACKGROUND

- 1.1 Treasury Management is "the management of the Council's cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks".
- 1.2 The Council has adopted the Chartered Institute of Public Finance and Accountancy (CIPFA) Treasury Management Code of Practice 2009 which includes the requirement for determining a treasury strategy for the likely financing and investing activity for the forthcoming year. Consequently the Council's policy was reviewed and approved by this Committee in January 2011 and has been consistently applied since then.
- 1.3 This report is an interim statement of treasury activities for the first six months of the financial year, to the end of September 2011.
- 1.4 The Council changed its treasury advisors on 1 August 2011. After a robust tendering process Arlingclose replaced Sector Treasury Services and will act as professional advisors on all treasury management matters for the next three years. Regular quarterly meetings will be held with them to discuss the Council's treasury options and all future investment and borrowing decisions will be made on their advice.

#### 2. KEY ISSUES

#### Strategy for the year

- 2.1 The overall treasury policy objective is the prudent investment of treasury balances. It is our aim to achieve the maximum return commensurate with proper levels of security and liquidity.
- 2.2 The Council seeks professional advice from Arlingclose and closely adheres to the advice set out in the Department for Communities and Local Government (DCLG) guidance. Given Spelthorne's dependency on investment returns to balance the budget, the Council's investment strategy is also kept under constant review.
- 2.3 The credit quality of counter-parties (issuers and issues) and investment instruments is assessed by reference to credit ratings issued by Fitch, Moody's and Standard and Poor's. The Council's counter-party credit policy is based on creditworthiness criteria recommended by our advisors and is reviewed on an ongoing basis to ensure that risk to the Council of counter-party defaults remains low.
- 2.4 The Council has taken the decision that it will not use prudential borrowing to fund capital investment, but will use the available capital receipts. Consequently, borrowing activity is limited to managing our daily cash flow needs although borrowing under the Prudential Regime may be an option for the future and would be considered on a case by case basis.

#### **Compliance with Treasury Limits**

2.5 During the first six months of the financial year the Council operated within the treasury limits and Prudential Indicators set out in the Council's Treasury

Policy Statement, and the annual Treasury Management Strategy Statement and Annual Investment Strategy approved by Council in January 2011.

#### **Economic Background**

- 2.6 Global growth prospects deteriorated considerably over the six months to September, moving from an expectation of modest expansion to the risk of a double dip recession. Growth in Quarter 1 2011 GDP in the UK was 0.5% but was just 0.1% in Q2 after being revised downwards. Even Germany which was seemingly strong only registered growth of 0.1% in Q2.
- 2.7 In the UK, inflation remained stubbornly high and the CPI for September was 5.2%, and has remained well above the Bank of England's 2% target for 20 consecutive months. The Bank believes the elevated rate of inflation reflects the temporary impact of the increase in VAT to 20% and past increases in global energy and import prices.
- 2.8 The labour market remains weak with an increase in unemployment particularly among young people. Stagnant house prices, lower disposable income, scarce availability of credit and fears about job security leave consumer confidence fragile.
- 2.9 In the US, the protracted and seemingly political impasse to resolve the debt ceiling and the lack of political governance and measures to address the high debt burden ultimately led Standard and Poor's to downgrade the US sovereign rating from AAA to AA+. The country's weak economic and fiscal situation and an unemployment rate of 9.1% left the Federal Reserve little option but to commit to exceptionally low interest rates until mid 2013.
- 2.10 In Europe, the debt crisis deepened. The agreement in July to address Greece's fiscal problems and broaden the mandate for the European Financial Stability Facility (EFSF) only bought time and did little to address the issue of overburdened sovereign balance sheets. This situation is dragging on the global economic recovery and until markets are confident this issue has been addressed, the global economic recovery will be weak.

#### 3. OPTIONS ANALYSIS Borrowing Activity to 30<sup>th</sup> September 2011

3.1 At 30<sup>th</sup> September 2011, the Council had no outstanding short term borrowings. Short term borrowing rates are now at around 0.60% - 0.75% but borrowing has been restricted to meeting daily cash flow requirements and activity here is limited. However, during February and March the Council's income is significantly reduced because no instalment monies are received for Council Tax and Business Rates and it is during this period that short term borrowing increases to fund cash flow shortfalls.

# Investment Performance to 30<sup>th</sup> September 2011

3.2 As at 30<sup>th</sup> September 2011, the Council's investment portfolio was £21.3m comprising the following investments:

| Euro Sterling Bonds (bonds can be bought and sold in active market) | Amount     | Yield to<br>Redemption | Start Date | Maturity Date  |
|---|------------|------------------------|------------|----------------|
|   |            |                        |            |                |
| European Investment Bank<br>5.50% 7/12/11                           | 3,000,000  | 3.69%                  | 15-Oct-08  | 07-Dec-11      |
| European Investment Bank<br>4.75% 6/6/12                            | 1,000,000  | 4.20%                  | 31-Oct-08  | 06-Jun-12      |
| European Investment Bank<br>4.50% 14/1/13                           | 2,000,000  | 4.88%                  | 14-Nov-08  | 14-Jan-13      |
|   | 6,000,000  |                        |            |                |
| Fixed Rate Investments  |            |                        |            |                |
| Bank of Scotland  | 1,000,000  | 2.05%                  | 01-Jun-11  | 01-Jun-12      |
| Santander   | 2,000,000  | 0.98%                  | 28-Sep-11  | 28-Oct-11      |
| Bank of Scotland  | 2,000,000  | 1.85%                  | 14-Oct-10  | 14-Oct-11      |
|   | 5,000,000  |                        |            |                |
| Cash Flow Investments   |            |                        |            |                |
| Santander Call Account  | 1,000,000  | 0.80%                  |            | Instant access |
| Clydesdale Bank   | 2,000,000  | 0.75%                  |            | 15 day notice  |
| Goldman Sachs Money Market Fund                                     | 3,000,000  | 0.61%                  |            | Instant access |
| Nationwide Building Society   | 2,000,000  | 0.47%                  |            | 07-Oct-11      |
| UK Debt Management Office DMO                                       | 2,300,000  | 0.25%                  |            | 14-Oct-11      |
| Total – Internally Managed Funds                                    | 21,300,000 |                        |            |                |

- 3.3 The average annualised rate of return for the first six months is 1.87%, which is 0.95% above the benchmark 3 month LIBID rate of 0.92% at 30<sup>th</sup> September. This outperformance is due to the Council's current bond investments and taking advantage of enhanced market rates when placing deposits whenever possible.
- 3.4 The availability of funds for investment is dependent upon the timing of precept payments, receipt of grants and progress on the capital programme. Consequently the core cash balance available for investment is £11m and the bulk of other funds is only available on a temporary basis pending cash flow activities.
- 3.5 The original estimate for net investment income to be credited to the General Fund in 2011/12 was £356,000 based on an interest rate of 1.19%. As at 30<sup>th</sup> September 2011 the net interest earned to date was £193,000 and the outturn for the full year is currently expected to be in line with the original budget. There are funds available in Interest Equalisation Reserve, which was set up to manage the volatility in investment returns, should the interest rate environment change for the worse.

#### **Investment Performance Monitoring**

- 3.6 In-house performance is monitored on a monthly basis. The Council is heavily dependent on investment returns to support the General Fund and the stability of those returns is an important part of our ongoing financial objectives.
- 3.7 Arlingclose believes that interest rates will remain at 0.50% until at least the end of 2014. Although fixed term deposits have been made to lock into higher rates where possible and to achieve an element of stability of returns, other options to increase our returns are kept under constant review.
- 3.8 These other options include investing in pooled property and equity funds. These types of pooled funds are not currently included on our list of available investments and member approval is required before they can be used.
- 3.9 Credit ratings are monitored on a weekly basis and the Council maintains a policy of high quality counter-party criteria, as recommended by Arlingclose. Following the banking crisis many once highly rated institutions have had their credit rating significantly downgraded and these downgrades continue as fears of exposure to possible sovereign debt defaults grow. This situation continues to deteriorate and has resulted in even fewer available investment counterparties for the Council to choose from.

#### Conclusions for 2011/12

- 3.10 Returns on short term and cash flow investments are still very low due. With inflation currently approximately 5% the returns we are able to achieve on financial intermediaries is not sufficient to cover inflation. Although the current investment strategy of taking advantage of enhanced fixed rates and holding European Investment Bank (EIB) bonds to maturity has had a positive impact on our overall returns, credit rating downgrades have made the investment environment much more challenging as the European debt crisis continues. In addition, the first of our EIB bonds matures in December 2011 which will have a significant impact on our overall investment return.
- 3.11 The lack of real progress in resolving the sovereign debt crisis in Europe has begun to affect even the stronger Euro-zone nations and their banking systems. After appointing Arlingclose, the Council reviewed its credit indicators and criteria and is responding to the growing stress by scaling back its maturities and counterparty investments on their advice. Many of the UK banks have had further rating downgrades and have been suspended from the Council's list of approved counterparties, and we are now advised to hold other counterparties for short periods further reducing the rates of interest we can earn. This has limited our investment options and will have a detrimental effect on investment returns for the second half of the current year and going forward into 2012/13.
- 3.12 The Council continues to be proactive in seeking ways of maintaining and improving current levels of return against a very challenging global investment environment.

#### 4. PROPOSALS

4.1 The table above highlights that the Council has several large maturities coming up within the next three months, including the first European Investment Bank (EIB) Bond. Reinvesting these at reasonable rates will be very challenging in the current interest rate environment so investment options

must be kept under constant review. Rates are at historically low levels and are likely to remain so for some time to come and in addition, credit rating downgrades has significantly reduced the number of available counterparties.

- 4.2 The Council needs to reflect the current circumstances and update its Treasury Management Strategy to enable the use of alternative types of suitable funds and also to reflect downgrades in the creditworthiness of potential counterparties
- 4.3 The Council has evaluated the use of pooled equity and property funds in consultation with Arlingclose and determined the appropriateness of their use within the investment portfolio. Pooled funds will enable the Council to diversify assets and the underlying risk in the investment portfolio and provide the potential for enhanced returns. It is suggested that the £3m in the European Investment Bank (EIB) bond maturing on 7<sup>th</sup> December be invested in one or more pooled equity funds.
- 4.4 Current data indicates that these funds have produced an annual return in excess of 5% over the past few years although past performance is no guarantee of future returns. Before any investment is made, a rigorous appraisal of the potential risk and return will be made by the Chief Finance Officer in full consultation and with advice from our treasury advisors, Arlingclose.
- 4.5 A full review of counterparty credit policy has been carried out and the Council's priorities remain to achieve the optimum return with lowest possible level of risk to ensure security of capital.
- 4.6 Arlingclose provides a monthly update of the credit ratings of major financial institutions. Counterparty credit quality is assessed and monitored with reference to the rating agencies Fitch, Moody's and Standard and Poor's; credit default swaps; GDP of the country in which the institution operates; the country's net debt as a percentage of GDP; sovereign support mechanisms and potential support from a well resourced parent institution and share price. This information is used for reference and decision making purposes.
- 4.7 The updated list of approved investment instruments is attached as Appendix
   A. The changes have been highlighted and reflect the addition of pooled equity and property funds as available investments and the application of the creditworthiness criteria recommended by the Council's new advisors, Arlingclose.
- 4.8 Special arrangements have also been included in respect of the Council's bankers, currently The Co-Operative Bank plc, to allow the use of their treasury facility for short term day to day cash flow investments where this is the most cost effective option.
- 4.9 Nothing in this strategy is intended to preclude or inhibit capital investment in local projects deemed beneficial to the local community and which have been approved by the Council following appropriate evaluation.

#### 5. BENEFITS AND SUSTAINABILITY

5.1 The ability of the Council to generate maximum net investment returns with minimal risk provides significant resources for funding the Council's services.

#### 6. FINANCIAL IMPLICATIONS

6.1 The financial implications are as set out in this report. The ability to maximise interest returns is paramount to generate sufficient funds to support the General Fund and even a small move in interest rates can mean a significant reduction in cash returns. Therefore, it is our aim to continue to maintain flexibility commensurate with the high level of security and liquidity and minimal risk when making investment decisions.

#### 7. LEGAL IMPLICATIONS / OTHER CONSIDERATIONS

7.1 The Council fully complies with best practice as set out in the Chartered Institute of Public Finance and Accountancy (CIPFA) Prudential Code for Capital Finance in Local Authorities, the Department for Communities and Local Government (DCLG) Guidance on Investments issued in March 2004 and the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Treasury Management in the Public Sector 2009 and Cross Sectional Guidance Notes.

#### 8. RISKS AND HOW THEY WILL BE MITIGATED

8.1 Risks are identified and mitigated within the Council's Treasury Policy.

#### 9. TIMETABLE FOR IMPLEMENTATION

9.1 Treasury management is an ongoing activity and normally there is no specific timetable for implementation. However with the maturity of the EIB Bond on 7 December 2011 it is advised that the amended strategy be implemented by end November 2011, and then be reconfirmed in February as part of the annual review of the strategy.

| Deposits with Money Market Funds  | AAA   | 1 year          | £3m            |
| Forward deals and fixed term deposits<br>with variable interest rates and variable<br>maturities, including callable deposits in<br>UK banks and building societies | Long Term A+ (see below*),<br>and in consultation with<br>treasury advisors                             | 1 year          | £2m            |

#### \*Counterparty credit quality is assessed and monitored with reference to:

- Credit Ratings (the Council's minimum long term counterparty rating of A+, or equivalent, across Fitch, Standard and Poor's and Moody's)
- Credit default swaps (CDS)
- GDP of the country in which the institution operates
- Country's net debt as a percentage of GDP
- Sovereign support mechanisms
- Potential support from a well resourced parent institution
- Share price

#### **Non-Specified Investments**

All such investments will be sterling denominated and a maximum of 100% will be held in aggregate in non-specified investments with a maturity exceeding one year. These investments must also meet the minimum high rating criteria and may be used in house or, if applicable, by fund managers, and are set out in the table below:

| Investment Type/Counterparty  | Minimum Credit Criteria<br>(see below*)                                     | Maximum<br>Maturity<br>Period | Maximum<br>Sum |
|---|---|-------------------------------|----------------|
| Deposits with other local authorities, including Police etc.  | High security but not usually credit rated                                  | 3 years                       | £3m            |
| Deposits and Certificates of Deposit<br>with nationalised and part nationalised<br>UK banks and building societies  | Long Term A+ (see below*), and<br>in consultation with<br>treasury advisors | 1 year                        | £3m            |
| UK Government Gilts   | AAA and Government backed   | No limit                      | No limit       |
| Bonds issued by multilateral<br>development banks including European<br>Investment Bank, World Bank etc.  | AAA and Government backed   | 10 years                      | £10m           |
| Forward deals and Fixed term deposits<br>with variable interest rates and variable<br>maturities, including callable deposits.                                      | Long Term A+ (see below*), and<br>in consultation with<br>treasury advisors | 1 year                        | £1m            |
| Pooled Funds and Collective<br>Investment Schemes, including<br>property and equity funds, meeting the<br>criteria in SI 2004 No. 534 and<br>subsequent amendments. | Not Credit Rated<br>As recommended by treasury<br>advisors (see below)      | 10 Years                      | £3m            |
