That it be noted that for the year 2017/18 Surrey County Council and Surrey Police and Crime Commissioner have stated the following amounts in precepts issued to Spelthorne Borough Council in accordance with Section 40 of the Local Government Finance Act 1992 for each of the categories of dwellings shown below:

# **Precepts issued to the Council**

Α	В	С	D	E	F	G	Н
£	£	£	£	£	£	£	£

- 1) Surrey County Council 887.70 1035.65 1183.60 1331.55 1627.45 1923.35 2219.25 2663.10
- 2) Surrey Police 149.71 174.67 199.62 224.57 274.47 324.38 374.28 449.14

That, having calculated the aggregate in each case above the Council in accordance with Sections 30 and 36 of the Local Government Finance Act 1992 as amended by the Localism Act 2011, hereby sets the amounts set out in Appendix 6 as the amounts of Council tax for the year 2017/18 for each of the categories of dwellings on Appendix 3.

The Council has determined that its relevant basic amount of Council Tax for 2017/18 is not excessive in accordance with the principles approved under Section 52ZB Local Government Finance Act 1992.

As the billing authority, the council has not been notified by a major precepting authority that its relevant basic amount of Council Tax for 2017/18 is excessive and that the billing authority is not required to hold a referendum in accordance with Section 52ZK Local Government Finance Act 1992.

# 1. Key issues

- 1.1 The 2017/18 revenue budget shows a very positive picture in that for the first time in a decade a balanced the budget has been put forward without the use of reserves with investment being made in retaining staff, addressing resourcing issues in areas like Legal and Assets and also maintaining the Council's assets.
- 1.2 Appendix 1 summarises the current draft detailed Budget proposed for 2017-18. After allowing for Housing Benefit the gross budget is financed as follows,
  - Fees and Charges and rental Income

- Revenue Support Grant & Business Rates
- Council Tax

#### **Grant Settlement**

1.3 The Government grant settlement confirmed that Spelthorne would no longer be receiving any general grant support for 2017/18 which is a cut of £580k from 2016/17.

# **Council Tax and Capping**

1.4 It has been confirmed that the referendum limit will remain either at 2% or a maximum rise of £5 for shire districts and boroughs although counties and unitaries will be able to levy an additional 3% for adult social care and the police can increase by 2%. Therefore the Council will continue its current strategy of protecting services by growing its income stream and setting a moderate council tax increase of (£5 or 2.7%) which provides an additional £194k per annum.

# **Basis of preparation of Detailed Budget**

- 1.5 Service levels the estimates have been prepared on the basis of maintaining existing service levels except where variations have been approved by the Cabinet and or the Council. Members should be aware that considerable work has been undertaken to reduce the list down to just the absolute essentials. Appendices 2 and 3 contain a list of the major changes included.
- 1.6 Pay and price levels the estimates have been prepared at pay and price levels ruling at December 2016 including an average increase of 2% for salaries and wages from 1<sup>st</sup> April 2017.
  - Inflation has been included in respect of contracts where appropriate

### **Pensions**

1.7 Following the triennial valuation of the Surrey Local Government Pension Fund as at the 31<sup>st</sup> March 2016, it is necessary for employers to increase their lump sum employer contributions to cover an increase in the deficit relating to benefits earned by scheme members as a result of service up to 31<sup>st</sup> March 2016 known as past service deficit contributions. For 2017/18 these contributions will rise by £51k. This a more moderate rate of increase than under the previous three years.

#### Fees and charges

1.8 All fees and charges have been reviewed. See separate report on the agenda.

#### **Income Generation**

1.9 The budget forecasts have reflected the performance of the Council's income over the last two years during which time income levels have held up despite the general economic pressures. As part of the 2016/17 budget monitoring officers have been keeping the Council's various income streams under continuous review, particularly car parking our largest fee earning area, and this has impacted on the level of in year saving's required to balance the 2017/18 budget. Income has generally held up well, with Building Control, Green waste bin and school waste income doing particularly well and additional income has been included in the detailed estimates where it was seen to be achievable and potentially ongoing. It is estimated that the net additional income to be raised from fees and charges for 2017/18 is £143k.

## **Contingencies**

1.10 No provision has been made for any general contingencies. The General fund reserve exists as a source of contingency funds should a need arise which can be addressed through offsetting savings.

#### **Interest Rates**

- 1.11 The Council at present has benefited from several years of above average investment returns through a diversified range of pooled investment funds. The return on these funds is 5.5% as at the 31<sup>st</sup> December 2016 which is a very good rate of return when compared to base rate of 0.25%.
- 1.12 Returns on maturing cash deposits are currently within the range of 0.30 to 0.90% and the average overall return on investments is expected to be around 3.3%

#### **Investment Income**

- 1.13 The Cabinet has separately received on the January meeting agenda the Annual Investment Strategy and Treasury Management Report for 2017/18 indicating the current position in respect of interest rates and the proposed strategy for dealing with the lower levels of interest rates and the reduction of investment monies.
- 1.14 Leading market forecasters, including Arlingclose, the Council's treasury advisors, expect the base rate to remain at 0.25% until at least the 1st quarter of calendar year 2018.

# **Use of Reserves**

1.15 The change in the financial sustainability of the authority as a result of the recent investment property purchases means that for the year 2017/18, the authority will not need to draw on its Reserves in order to balance the budget. This is the first time this has been achieved for more than a decade.

#### **Growth Items**

1.16 Appendix 2 summarises the main budget growth and unavoidable expenditure pressures. This highlights that additional spending pressures or reduced income streams totalling £2.5m have been identified.

- 1.17 The evaluation of growth bids received from services have been evaluated using a number of criteria including
  - Whether there is an invest to generate future income aspect
  - Whether there is an invest to achieve future savings
  - Whether it is necessary to meet statutory obligations
  - Whether it is necessary for operational reasons
  - The extent to which it supports corporate priorities
- 1.18 There are a number of areas of new or increased expenditure items included in the 2017/18 budget and some of these are highlighted below:
  - Additional resources to meet statutory Housing pressures
  - Reducing Housing Benefits overpayments credits
  - Upgrade of Elmsleigh Centre lifts & replacement tiles.
  - Business rates increases across all Council properties as a result of the national revaluation.
  - Changes to Streetscene budgets to take account of increases in waste disposal gate fees, reduced recycling credit income.
  - Additional resources to counter fraud.
  - Address staff recruitment and retention issues.

# Savings

- 1.19 In total savings of approximately £4.5m have been found. The savings include one off Business Improvement District (BID) area set up costs, Memorial resetting in our cemeteries and increased rental streams. These savings are necessary to offset the reduced general government grant and the additional pressures identified in appendix 2. All savings proposals have been incorporated into the budget estimates.
- 1.20 The salary savings target for 2017/18 will remain the same at £300k.

#### **Precepts**

Surrey County Council at its meeting on the 7th February set a Band D council tax of £1331.55 Representing a 4.99% increase and Surrey Police at its tax setting meeting on the 7th February set a band D council tax of £224.57 representing a 1.99% increase.

# 2. Options analysis and proposal

2.1 The Council is required to set a balanced budget and in the light of the detailed budget prepared, a council tax increase of £5 which is equivalent to 2.7 % is recommended.

#### 3. Financial implications

3.1 Addressed in the body of the report.

#### 4. Other considerations

- 4.1 Robustness of estimates the Local Government Act 2003 requires me, as the Council's Chief Financial Officer, to report on the robustness of the estimates made for the purposes of calculating the council tax. I am satisfied that each service budget has been prepared in the context of the council's corporate strategies, and longer term financial strategy which means that the Council is presented with robust estimates as a basis for making decisions about the level of council tax.
- 4.2 The nature and size of our revenue budget carries a degree of risk, this is particularly the case in the current economic climate.
- 4.3 Reserves and provisions the local Government Act 2003 requires me to report on the adequacy of the council's financial reserves when consideration is given to the general fund budget requirement for the year. Under the local government finance act 1988, all revenue balances held by the council are at the direct disposal of the general fund with the exception of the collection fund and the investment reserve. Those balances are expected to total approximately £14.5m as at the 1<sup>st</sup> April 2017. However a number of these balances are earmarked specifically for social housing and the new scheme fund. The uncommitted funds stand at £800k. Taken together with the council's financial strategy to reduce the reliance on revenues to support the council tax, I consider that the reserves and provisions will ensure that the council maintains a reasonably healthy financial position.
- 4.4 Officers are undertaking an equalities impact assessment of the budget proposals. In particular a detailed equalities impact assessment was undertaken for the proposed Local Council Tax Support Scheme.

4.5 The budget has a number of risks and these are set out below:

Outside control	Internally based
Interest rates	Failure to sufficiently resource delivery of key asset income generation projects
Severe public sector spending cuts	Collection of retained business rates
Recycling Credits – falling values of recyclable materials	Reliance on interest earnings to balance the budget.
Staines town centre rents	Ability to deliver Towards a Sustainable Future objectives in accordance with planned timetable
Down turn in property development market	
Increased Gate fees for disposing of waste materials	
Impact of budget pressures on Surrey County Council and other public sector entities.	
Housing benefit subsidy/welfare reform.	

The risks are that the level of savings anticipated do not materialise or that there are additional spending pressures. These will be mitigated by ensuring proposals have been properly evaluated before being built into the final budget for example clarifying any contractual assumptions, and thereafter through careful budget monitoring.

- 5. Timetable for implementation
- 5.1 Full Council to approve the Budget on 23 February 2017.
