The Committee considered a report from the Development Advisor on the variation to the Waterfront development agreement.

The Committee were advised that they would not have to make a decision in respect of the 4 recommendations outlined in the report as these would be considered at Council on 01 August. The purpose of this meeting of the Development Sub-Committee was only to agree whether to refer the decision to Council.

During the debate the Committee asked for evidence of why Arora's contract was extended from April 2022 to August 2022. The Committee were advised that this would be provided.

Concerns were expressed by the Committee in respect of the possible risks to the Council involved with refusing a further extension of the Planning Condition Long Stop Date and the Vacant Possession Condition Long Stop Date. The Committee asked if legal advice had been sought and were advised that a definitive answer would be provided after the meeting.

The Committee **resolved** to refer the decision for the Waterfront Development to Council in accordance with Standing Order 32.4, referral to parent body.

Subject: Re: Waterside Development Site, Staines Upon Thames

Dear Surinder

I am intending to provide a status update to our Development Sub Committee on Monday.

A formal report will need to be issued on Thursday the following week. Are you able to issue a revised cashflow for the smaller scheme as I will need to advise what the financial implications will be for the council in terms of potential profit share.

If there's any queries or issues please let me know. Thanks

Richard
