NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

16 Promoting the Four Licensing Objectives

- 16.1 The promotion of the four objectives is fundamental to the Act. Every applicant for a premises licence must provide a fully completed and detailed operating schedule. This schedule must be in the prescribed format.
- 16.2 The most effective means for an applicant to assess what measures are needed to promote the licensing objectives is by risk assessment, which can then be used to form the basis of the operating schedule.
- 16.3 Providing as much information as possible in the operating schedule demonstrates that the applicant has seriously considered the issues, is aware of their duty to promote the licensing objectives at all times and is aware of how this may be best achieved.
- 16.4 The operating schedule forms the basis of any conditions placed on a licence other than those which are mandatory. It provides valuable information to interested parties and responsible authorities assisting their assessment of the impact of the licensed activity on the licensing objectives and provides information about how the applicant will address these issues. It is likely to form the basis of any decision to submit a representation against the application.
- 16.5 The Licensing Authority considers the effective and responsible management of the premises, including instruction, training and supervision of staff and the adoption of best practice to be amongst the most essential control measures for the achievement of the licensing objectives. For this reason, these measures should be specifically considered, detailed and addressed within an applicant's operating schedule.
- 16.6 Failure to comply with licence conditions can lead to formal enforcement action or an application for a review of the licence, or both.
- 16.7 **Prevention of Crime and Disorder**
- 16.8 Licensed premises of any description, especially those offering late night/early morning entertainment, alcohol and refreshment for large numbers of people can be a source of crime and disorder. The Licensing Authority expect operating schedules to satisfactorily address these and any other potential issues, from the design of the premises through to the daily operation of the business.

Appendix E

- 16.9 Applicants are recommended to engage with and seek advice from the Police and other Responsible Authorities taking into account, as appropriate, local planning and transport policies in addition to tourism and crime prevention strategies when preparing their operating plans and schedules prior to submission.
- 16.10 It is recognised that late night takeaways can be the focus of anti-social behaviour, and in Staines Town Centre the use of CCTV, licensed door supervisors at peak times, and signing up to the town centre radio may be considered necessary to address this.
- 16.11 Where objections are received and the Licensing Sub Committee considers it appropriate to do so, conditions may be attached to licences to prevent crime and disorder both inside and in the vicinity of the premises.
- 16.12 The Licensing Authority considers the orderly dispersal of customers from licensed premises to be an important factor in promoting the licensing objectives. In considering applications for the grant or variation of a licence, serious consideration will be given to the dispersal arrangements, the potential effect that granting the licence might have on dispersal arrangements from other licensed premises or the cumulative impact in the area.
- 16.13 In addition to the requirement for the Licensing Authority to promote the licensing objectives, it also has a duty under Section 17 of the Crime and Disorder Act 1998 to do all it reasonably can to prevent crime and disorder in the Borough.
- 16.14 Consideration will be given where appropriate to the powers available under the Violent Crimes Reduction Act 2006 and the use of Public Spaces Protection Orders.
- 16.15 **Crime and Disorder risks**
The following provides a non-exhaustive list of risks associated with the crime and disorder objective that applicants should consider (where relevant) when preparing their operating schedule. We also expect licence holders to consider the same risks and review their current procedures if necessary:
- a) **crime and disorder near the premises:** this may include the risk of crime and disorder arising from persons queuing to enter the premises, persons exiting the premises and customers smoking, eating or drinking in outdoor areas and on the highway outside the premises. This can also include crime arising from pickpockets and bag snatchers, particularly in open spaces or crowded areas where alcohol is being consumed.
 - b) **crime and disorder in the premises:** drugs, psychoactive substances, weapons and violence.

- c) **event type:** in some cases, the type of regulated entertainment proposed could increase the possibility of violence and/or disorder occurring in, or near, the premises. For example, some externally promoted live music events carry an increased risk of violent crime and disorder. It may be appropriate to carry out a risk assessment of the activities proposed and share these with us, in some cases, to provide such risk assessment to the police licensing team before the event is agreed.
- d) **the risk associated with selling alcohol for consumption on or off the premises:**
 - 1. what measures are necessary to prevent underage or proxy sales? Proxy sales are when a person who is 18 years or older buys alcohol for a person who is underage.
 - 2. what measures are necessary to prevent alcohol from being sold outside permitted hours where the operating hours of the premises exceed those for the sale of alcohol.
 - 3. whether there are procedures in place to prevent sales of alcohol to intoxicated persons (with attention to street drinkers).
- e) **licensed premises and late-night refreshment:** applicants and licence holders should demonstrate they have assessed the risk of intoxicated persons congregating in large numbers near their premises. Where appropriate, applicants and licence holders should demonstrate suitable measures to address this problem.
- f) **premises environment:** applicants and licence holders should consider the physical environment of the premises and have regard to issues that could increase the likelihood of customers becoming agitated or aggressive. This may include procedures regarding door supervision, identification and management of drunken customers and issues of overcrowding and capacity

16.16 Measures to address crime and disorder risks

In proposing steps or conditions to be included in the operating schedule, we expect applicants to consider the following non-exhaustive list of measures and issues that we consider may be relevant to licence applications. We also expect licence holders to consider the same issues and measures, and review their current procedures if necessary:

- a) alternatives to glass: restricting the use of glass bottles and drinking vessels to customers in preference for containers made from soft and environmentally friendly materials, polycarbonates, shatterproof or toughened glass that comply with weights and measures legal requirements.
- b) CCTV: using CCTV inside and/or outside the premises together with appropriate procedures and staff training for the ongoing maintenance and operation of such systems.

Appendix E

- c) dispersal procedures: establishing appropriate dispersal procedures to minimise the potential for crime and disorder when customers are leaving the premises.
- d) dealing with and reporting crime and disorder: training for staff and door security aimed at reducing crime and disorder in the premises and its vicinity and dealing with and reporting incidents if they occur.
- e) door staff: considering the use of Security Industry Authority (SIA) registered door staff and the appropriate number of door staff for the premises.
- f) drinks promotions: adopting policies to discourage excessive drinking. This might include adherence to good practice guides and industry codes on drinks promotions such as happy hours, buy one get one free and so on, in addition to adherence with the mandatory licensing condition regarding irresponsible promotions.
- g) drugs, psychoactive substances and weapons: applicants should pay attention to search procedures, procedures for the safe storage and surrender of seized drugs, psychoactive substances and weapons and consideration given to adoption of a "zero tolerance" policy in this area.
- h) incident and occurrence book: keeping an incident book on the premises so staff can record any instances of crime, disorder, refused sales, ejections and intimidating behaviour.
- i) promotion/event risks: ensuring compliance with guidance from the police relating to specific event risk assessments for externally promoted live music events well in advance of the event.
- j) excessive drinking: training for staff to recognise when customers are becoming drunk and adopting appropriate 'cut off' procedures for drunken customers, to reduce the likelihood of fights or aggressive behaviour.
- k) getting home safely: providing information to customers and staff (including contact telephone numbers) regarding safer options available for travelling home late at night - including licensed taxis and private hire vehicles (mini-cabs).
- l) local schemes: joining and attending meetings of the local Pubwatch.

- m) overcrowding developing policies and procedures regarding capacity to prevent overcrowding and customers becoming aggressive
- n) prevention of theft: using bag hooks and signage to warn customers of pickpockets and bag snatchers
- o) queue management: establishing appropriate procedures to avoid the need for customers to queue before entering the premises or, where queuing cannot be avoided, to manage customers in the queues to minimise the potential for crime and disorder
- p) sales for consumption off the premises: applicants should consider:
 - 1. using shutters to prevent alcohol from being selected in non licensed periods
 - 2. having appropriate numbers of staff on duty to deal with possible 'intimidation' to sell alcohol
 - 3. restricting the sale of high strength beer/drink promotions
 - 4. using an incident and occurrence book to record incidents

16.17 Drugs

Recognising that drug misuse is not an issue in all licensed premises, the Licensing Authority is committed to the reduction and eradication of drugs from licensed premises as part of its role promoting the Crime and Disorder licensing objective. All licence holders are expected to actively support this objective by the way they plan, manage and operate their premises.

- 16.18 Where relevant representations are received following an application for the grant or variation of a licence, conditions may be imposed to support the prevention of the sale, supply and use of drugs. In premises where drug misuse is problematic and where the police or others apply for a 'Review' of the licence, the Licensing Sub-Committee will consider this as serious criminal activity and give appropriate consideration to the options available, including the suspension or revocation of the licence in accordance with the Secretary of State's Guidance. The Licensing Authority recognises that each case must be decided on individual facts and its specific merits.

16.19 Drink Spiking

Drink 'spiking' is when alcohol or drugs are added to someone's drink without their knowledge. Spiking a drink is illegal and subject to high maximum sentences if a person is found guilty. The UK has seen a rise in the incidences of spiking in licensed premises.

We expect applicants and licence holders to consider the risk associated with spiking on their premises and recommend that measures to deal with his risk are included within their existing drug policies.

16.20 Psychoactive Substances

The UK has seen a rise in new substances and products that mimic the effects of traditional drugs such as cannabis, cocaine, amphetamine and ecstasy. The Psychoactive Substances Act 2016 came into effect in May 2016 and bans these substances.

16.21 We expect applicants and licence holders to consider the risk associated with psychoactive substances on their premises and recommend that measures to deal with his risk are included within their existing drug policies or a separate psychoactive substances policy.

16.22 Outside drinking

Some premises may wish to supply alcohol for consumption in an outside area such as a beer garden or on the pavement adjacent to the premises. In such circumstances, we expect applicants to include all outside areas within their proposed plan, and to consider the risk associated with outside drinking and include measures in their operating schedule to uphold the licensing objectives. We also expect licence holders to exercise control over their customers, particularly in instances where the outside drinking takes place on the pavement to which the public has access. If the licence holder fails to exercise such control, we may take enforcement action and apply to review the premises licence.

16.23 Where premises wish to place tables and chairs on the public highway adjacent to their premises, the person responsible for the premises, must obtain a pavement licence. Further information is available on our website.

16.31 Prevention of Public Nuisance

16.32 Licensing Sub Committees are mindful that licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity. When addressing public nuisance the applicant should identify any particular issues that are likely to affect adversely the promotion of the licensing objective to prevent public nuisance before including in the operating schedule how they propose to mitigate and manage those issues.

16.33 Where an application includes provision of a smoking area or shelter the Licensing Authority expects them to be situated as far as possible from neighbouring residential premises. It is expected that suitable receptacles be provided and maintained to dispose of cigarette litter in any area used for smoking outside licensed premises. Licensees must take all reasonable steps to discourage smoking on the public highway close to residential premises, considering measures such as a ban on customers taking drinks outside on to the public highway, the use of door supervisors or imposing a time after which readmission to the premises will not be permitted. Licence holders and applicants are reminded to consider compliance with noise nuisance legislation under the Environmental Protection Act 1990 when considering smoking locations.

16.34 Potential causes of public nuisance

We expect applicants to consider the following non-exhaustive list of risks associated with the public nuisance licensing objective when preparing their operating schedule:

- a) amplified music: noise from music played on the premises.
- b) customer noise: this takes many forms, but the following are of concern:
 - 1) customers queuing to enter or leave the premises
 - 2) customers loitering outside the premises waiting for transport
 - 3) alcohol-related drunken behaviour and shouting
 - 4) customers eating, drinking, or smoking in external areas such as beer gardens, forecourts, and other open areas adjacent to the premises
 - 5) car horns/car radios/slamming of car doors late at night in the vicinity of licensed premises

Appendix E

- c) litter: where licensable activities give rise to the risk of customers dropping litter in the vicinity of the premises, whether adequate arrangements are in place to prevent littering and/or clearing it up
- d) noise or vibration escaping the premises: we will be particularly concerned with premises located close to noise sensitive properties who propose to provide music and entertainment. We encourage applicants to supply an acoustic report confirming there will be no noise breakout from the premises that is likely to cause public nuisance to persons living or working in the vicinity of the licensed premises
- e) plant and equipment: applicants should demonstrate that plant and equipment (air handling units, ventilation/extraction ducting and other equipment) is suitable and enough for the purpose intended without causing nuisance to residents by way of noise, odours or vibration
- f) people entering and leaving the premises: whether consideration has been given to possible public nuisance issues caused by customers and staff entering and leaving the premises. We will pay regard to queuing arrangements and arrangements for the orderly dispersal of customers
- g) customers smoking, eating and drinking in outdoor areas and on the highway outside the premises: possible measures that may address this issue include:
 - 1. providing prominent signage asking customers to keep noise to a minimum when using outdoor areas
 - 2. restricting the number of customers permitted in certain outside areas and/or at certain times
 - 3. using door supervisors and employees to monitor public nuisance issues
 - 4. not allowing customers who are smoking to take drinks outside with them
 - 5. restricting the use of external areas at a certain time
 - 6. removing furniture from smoking areas or preventing it's use after a certain time to discourage smokers from loitering outside the premises
 - 7. locating smoking areas away from residential premises
 - 8. using portable ashtrays to prevent cigarette litter
 - 9. only allowing seated customers to use external areas that are authorised to be used by a tables and chairs licence
- h) queuing: an effective door and queuing policy to encourage good behaviour outside the premises. This might include training for door staff to deal with conflict and drunkenness

Appendix E

- 6) use of external play equipment and noise from children using the provided facilities.
- c) deliveries: deliveries outside daytime hours, especially early morning and late evening or night
- d) collections: early morning and late night clearing up and collection of waste. We are particularly concerned about the noise associated with the movement and collection of glass waste as this may cause significant noise nuisance and can be heard over a wide area
- e) lighting: excessive artificial lighting near licensed premises
- f) litter/waste: litter and waste generated by the carrying out of licensable activities, for example, food wrappers and cigarette butts
- g) obstruction: customers blocking footpaths when eating, drinking and smoking near to the premises
- h) plant and machinery: noise from plant and machinery, including air conditioning units, refrigeration units and kitchen extractors. This may include smell nuisance from ventilation ducting and kitchen extractors.

6.35 It is recommended that operating schedules contain sufficient information for officers to form a view as to whether noise from licensable activities is likely to cause a problem to people living nearby. Applicants should provide details of proposed noise control measures, particularly if premises are in residential areas where regulated entertainment is being applied for late at night, or where there is a history of noise complaints. The licensing authority will normally apply stricter conditions in these circumstances where relevant representations have been received. Whilst each application will be considered on its individual merits it should be noted that restricting the hours of regulated entertainment may be necessary to prevent public nuisance.

6.36 Measures to address Public Nuisance:

We expect applicants to consider the following non-exhaustive list of measures/issues in their operating schedule:

- a) deliveries: ensuring arrangements are in place to prevent unreasonable disturbances caused by delivery of goods and services to the premises
- b) collections: ensuring arrangements are in place to prevent unreasonable disturbances caused by collections, especially of glass waste. For example, these collections could be restricted so that they only take place at certain times, such as Monday to Saturday 08:00 to 20:00 and Sunday 10:00 until 20:00

Appendix E

- i) signs: signs encouraging customers to leave the area quietly, to minimise rowdy behaviour whilst waiting for transport and to minimise nuisance and/or disturbance to residents
- j) vehicles: whether there are measures to reduce the impact of customers and staff parking vehicles in the vicinity of the premises and measures taken to minimise noise generated by other vehicles attending the premises, for example taxis and minicabs
- k) A simple requirement to keep doors and windows at the premises closed when music is being played
- l) Limiting amplified music to a particular area of the building
- m) Moving speakers away from external walls or walls that abut private premises, or adjusting the direction of the speakers
- n) Installation of acoustic curtains, seals to doorways, rubber speaker mounts
- o) Fitting self-closing devices on doors so that they do not stay open.
- p) Monitoring noise levels at the perimeter of premises and taking action to reduce the volume if it is likely to disturb nearby neighbours, e.g. it could be too loud if the words of the song are clearly audible
- q) Noise limiters on amplification equipment (if proportionate to the premises – noise limiters are expensive and are likely to be a burden for smaller premises)

16.37 There is a distinct separation between a public nuisance under the Licensing Objectives and statutory nuisance relating to noise, light and odour under Section 79 Environmental Protection Act 1990 which is dealt with by Environmental Health Officers.

16.38 Applicants are encouraged to contact the Council's Environmental Health Services with draft proposals and where applicable their plans and operating schedules as to how they intend to control noise emanating from the premises from openings to the building (doors, fans, windows, ventilation). Consideration should be given to the provision of attenuating material and if suitable building attenuation cannot be achieved or no other appropriate measures can be taken to attenuate noise then consideration to the installation, calibration and operation of a noise limiting device may have to be given.

16.39 Conditions may be necessary to ensure that licensed premises are properly vented to prevent odours causing a nuisance to people who live or work nearby.

16.40 Where representations are received and the Licensing Sub-Committee considers it appropriate to do so, they may attach conditions to licences and certificates to prevent public nuisance.

2. The licensing objectives

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority ("SIA") as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.
- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

Appendix F

- 2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that evidence of a right to work check, either physical or digital (e.g. a copy of any document checked as part of a right to work check or a clear copy of the online right to work check) are retained at the licensed premises.
- 2.7 The objective to crime under the Licensing Act 2003 would include taking measures to prevent incidents of spiking which would usually be prosecuted under section 23 and 24 of the Offences Against the Person Act 1861, and section 61 of the Sexual Offences Act 2003. The following examples are within the range of behaviours that would be considered spiking. This list is not exhaustive:
- Putting alcohol into someone's drink without their knowledge or permission
 - Putting prescription or illegal drugs into an alcoholic or non-alcoholic drink without their knowledge or permission
 - Injecting another person with prescription or illegal drugs without their knowledge or permission
 - Putting prescription or illegal drugs into another person's food without their knowledge or permission
 - Putting prescription or illegal drugs into another person's cigarette or vape without their knowledge or permission

Public nuisance

- 2.21 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.22 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.23 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.24 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.25 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise

emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

- 2.26 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.27 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

3. Licensable activities

Summary

- 3.1 A premises licence authorises the use of any premises (see Chapter 5) for licensable activities. Licensable activities are defined in section 1 of the 2003 Act, and a fuller description of certain activities is set out in Schedules 1 and 2 to the 2003 Act.
- 3.2 The licensable activities are:
- the sale by retail of alcohol;
 - the supply of alcohol by or on behalf of a club to, or to the order of, a member of the club;
 - the provision of regulated entertainment; and
 - the provision of late night refreshment.

Late night refreshment

- 3.12 Schedule 2 to the 2003 Act provides a definition of what constitutes the provision of late night refreshment. It involves the supply of 'hot food or hot drink' between the hours of 23.00 and 05.00 to the public for consumption on or off the premises. It includes the supply of hot food or hot drink between those hours on premises to which the public has access. Under Schedule 2, food or drink is considered to be 'hot' if, before it is supplied, it has been heated on the premises or elsewhere for the purpose of enabling it to be consumed at a temperature above the ambient air temperature and at the time of supply it is above that temperature; or after it is supplied, may be heated on the premises for the purpose of enabling it to be consumed at a temperature above the ambient air temperature.
- 3.13 Shops, stores and supermarkets selling only cold food and cold drink, whether it is immediately consumable or not, from 23.00 are not licensable as providing late night refreshment. The 2003 Act affects premises such as night cafés and takeaway food outlets where people may gather to purchase hot food or hot drink at any time from 23.00 and until 05.00. In this case, supply takes place when the hot food or hot drink is given to the customer and not when payment is made. For example, supply takes place when a table meal is served in a restaurant or when a takeaway is handed to a customer over the counter.
- 3.14 Some premises provide hot food or hot drink between 23.00 and 05.00 by means of vending machines. The supply of hot drink by a vending machine is not a licensable activity and is exempt under the 2003 Act provided the public have access to and can operate the machine without any involvement of the staff.
- 3.15 However, this exemption does not apply to hot food. Premises supplying hot food for a charge by vending machine are licensable if the food has been heated on the premises, even though no staff on the premises may have been involved in the transaction.
- 3.16 It is not expected that the provision of late night refreshment as a secondary activity in licensed premises open for other purposes such as public houses, cinemas or nightclubs or casinos should give rise to a need for significant additional conditions.
- 3.17 The supply of hot drink which consists of or contains alcohol is exempt under the 2003 Act as late night refreshment because it is licensed by the provisions relating to the sale or supply of alcohol.
- 3.18 The supply of hot food or hot drink free of charge is not a licensable activity. However, where any charge is made for either admission to the premises or for some other item in order to obtain the hot food or hot drink, this will not be regarded as "free of charge". Supplies by a registered charity or anyone authorised by a registered charity are also exempt.
- 3.19 Supplies made on moving vehicles (for example boats, trains or coaches) are also exempt. However supplies made from a vehicle which is permanently or temporarily parked, such as from a mobile takeaway van, are not exempt (see section 3.34 below for more detail on provisions for 'Vessels, vehicles and moveable structures').
- 3.20 Supplies of hot food or hot drink from 23.00 are exempt from the provisions of the 2003 Act if there is no admission to the public to the premises involved and they are supplies to:
- a member of a recognised club supplied by the club;
 - persons staying overnight in a hotel, guest house, lodging house, hostel, a caravan or camping site or any other premises whose main purpose is providing overnight accommodation;
 - an employee of a particular employer (for example in a staff canteen);
 - a person who is engaged in a particular profession or who follows a particular vocation (for example, a tradesman carrying out work at particular premises);
 - a guest of any of the above.

9. Determining applications

General

- 9.1 When a licensing authority receives an application for a new premises licence or an application to vary an existing premises licence, it must determine whether the application has been made in accordance with section 17 of the 2003 Act, and in accordance with regulations made under sections 17(3) to (6), 34, 42, 54 and 55 of the 2003 Act. It must similarly determine applications for the grant of club premises certificates made in accordance with section 71 of the 2003 Act, and in accordance with regulations made under sections 71(4) to (7), 84, 91 and 92 of the 2003 Act. This means that the licensing authority must consider among other things whether the application has been properly advertised in accordance with those regulations.

Where no representations are made

- 9.2 A hearing is not required where an application has been properly made and no responsible authority or other person has made a relevant representation or where representations are made and subsequently withdrawn. In these cases, the licensing authority must grant the application in the terms sought, subject only to conditions which are consistent with the operating schedule and relevant mandatory conditions under the 2003 Act. This should be undertaken as a simple administrative process by the licensing authority's officials who may replicate some of the proposals contained in the operating schedule to promote the licensing objectives in the form of clear and enforceable licence conditions. Licensing authorities should not hold hearings for uncontested applications, for example in situations where representations have been made and conditions have subsequently been agreed.

Where representations are made

- 9.3 Where a representation concerning the licensing objectives is made by a responsible authority about a proposed operating schedule and it is relevant (see paragraphs 9.4 to 9.10 below), the licensing authority's discretion will be engaged. It will also be engaged if another person makes relevant representations to the licensing authority, which are also not frivolous or vexatious (see paragraphs 9.4 to 9.10 below). Relevant representations can be made in opposition to, or in support of, an application and can be made by any individual, body or business that has grounds to do so.

Relevant, vexatious and frivolous representations

- 9.4 A representation is "relevant" if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to

Appendix F

the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.

- 9.5 It is for the licensing authority to determine whether a representation (other than a representation from a responsible authority) is frivolous or vexatious on the basis of what might ordinarily be considered to be vexatious or frivolous. A representation may be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause or justification. Vexatious circumstances may arise because of disputes between rival businesses and local knowledge will therefore be invaluable in considering such matters. Licensing authorities can consider the main effect of the representation, and whether any inconvenience or expense caused by it could reasonably be considered to be proportionate.
- 9.6 Frivolous representations would be essentially categorised by a lack of seriousness. Frivolous representations would concern issues which, at most, are minor and in relation to which no remedial steps would be warranted or proportionate.
- 9.7 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the local authority's corporate complaints procedure. A person may also challenge the authority's decision by way of judicial review.
- 9.8 Licensing authorities should not take decisions about whether representations are frivolous, vexatious or relevant to the licensing objectives on the basis of any political judgement. This may be difficult for councillors who receive complaints from residents within their own wards. If consideration is not to be delegated, contrary to the recommendation in this Guidance, an assessment should be prepared by officials for consideration by the sub-committee before any decision is taken that necessitates a hearing. Any councillor who considers that their own interests are such that they are unable to consider the matter independently should disqualify themselves.
- 9.9 It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.
- 9.10 Licensing authorities should consider providing advice on their websites about how any person can make representations to them.

Appendix F

- 9.32 Responsible authorities should try to conclude any discussions with the applicant in good time before the hearing. The 2005 Hearings Regulations permit licensing authorities to extend a time limit provided for by those Regulations for a specified period where it considers this to be necessary in the public interest. For example, if the application is amended at the last moment, the licensing committee should consider giving other persons time to address the revised application before the hearing commences. Where the authority has extended a time limit it must forthwith give a notice to the parties involved stating the period of the extension and the reasons for it.
- 9.33 The 2005 Hearings Regulations require that representations must be withdrawn 24 hours before the first day of any hearing. If they are withdrawn after this time, the hearing must proceed and the representations may be withdrawn orally at that hearing. However, where discussions between an applicant and those making representations are taking place and it is likely that all parties are on the point of reaching agreement, the licensing authority may wish to use the power given within the hearings regulations to extend time limits, if it considers this to be in the public interest.
- 9.34 Applicants should be encouraged to contact responsible authorities and others, such as local residents, who may be affected by the application before formulating their applications so that the mediation process may begin before the statutory time limits come into effect after submission of an application. The hearing process must meet the requirements of regulations made under the 2003 Act. Where matters arise which are not covered by the regulations, licensing authorities may make arrangements as they see fit as long as they are lawful.
- 9.35 There is no requirement in the 2003 Act for responsible authorities that have made representations to attend, but it is generally good practice and assists committees in reaching more informed decisions. Where several responsible authorities within a local authority have made representations on an application, a single local authority officer may represent them at the hearing if the responsible authorities and the licensing authority agree. This local authority officer representing other responsible authorities may be a licensing officer, but only if this licensing officer is acting as a responsible authority on behalf of the licensing authority and has had no role in the licensing determination process. This is to ensure that the responsible authorities are represented by an independent officer separate from the licensing determination process.
- 9.36 As noted in paragraphs 9.13 to 9.19 above, where the licensing officer is acting as a responsible authority the relevant steps should be followed to ensure that this individual has no role in the decision making process regarding the licensing determination.
- 9.37 As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation and should be allowed sufficient time to do so, within reasonable and practicable limits.
- 9.38 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to:

[9.38 Continued Guidance from the 2005 Regulations of the Licensing Act 2003](#)

- the steps that are appropriate to promote the licensing objectives;
 - the representations (including supporting information) presented by all the parties;
 - this Guidance;
 - its own statement of licensing policy.
- 9.39 The licensing authority should give its decision within five working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to the relevant mandatory conditions and any conditions that are consistent with the operating schedule. Any additional conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety. Any conditions added to the licence must be those imposed at the hearing or those agreed when a hearing has not been necessary.
- 9.40 Alternatively, the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities. In the interests of transparency, the licensing authority should publish hearings procedures in full on its website to ensure that those involved have the most current information.
- 9.41 In the context of variations or minor variations, which may involve structural alteration to or change of use of a building, the decision of the licensing authority will not exempt an applicant from the need to apply for building control approval, planning permission or both of these where appropriate.

Determining actions that are appropriate for the promotion of the licensing objectives

- 9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.
- 9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.
- 9.44 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that any condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is

Appendix F

imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.

10. Conditions attached to premises licences and club premises certificates

General

- 10.1 This chapter provides further guidance in relation to conditions attached to premises licences and club premises certificates. General principles on licence conditions are set out in Chapter 1 (see paragraph 1.16).
- 10.2 Conditions include any limitations or restrictions attached to a licence or certificate and essentially are the steps or actions that the holder of the premises licence or the club premises certificate will be required to take or refrain from taking in relation to the carrying on of licensable activities at the premises in question. Failure to comply with any condition attached to a licence or certificate is a criminal offence, which on conviction is punishable by an unlimited fine or up to six months' imprisonment. The courts have made clear that it is particularly important that conditions which are imprecise or difficult for a licence holder to observe should be avoided.
- 10.3 There are three types of condition that may be attached to a licence or certificate: proposed, imposed and mandatory. Each of these categories is described in more detail below.

Proposed conditions

- 10.4 The conditions that are appropriate for the promotion of the licensing objectives should emerge initially from the risk assessment carried out by a prospective licence or certificate holder, which they should carry out before making their application for a premises licence or club premises certificate. This would be translated into the steps recorded in the operating schedule or club operating schedule, which must also set out the proposed hours during which licensable activities will be conducted and any other hours during which the premises will be open to the public.
- 10.5 It is not acceptable for licensing authorities to simply replicate the wording from an applicant's operating schedule. A condition should be interpreted in accordance with the applicant's intention and be appropriate and proportionate for the promotion of the licensing objectives.

Consistency with steps described in operating schedule

- 10.6 The 2003 Act provides that where an operating schedule or club operating schedule has been submitted with an application and there have been no relevant representations made by responsible authorities or any other person, the licence or certificate must be granted subject only to such conditions as are consistent with the schedule accompanying the application and any mandatory conditions required under the 2003 Act.
- 10.7 Consistency means that the effect of the condition should be substantially the same as that intended by the terms of the operating schedule. If conditions are broken, this may lead to a criminal prosecution or an application for a review and it is extremely important therefore that they should be expressed on the licence or certificate in unequivocal and unambiguous terms. The duty imposed by conditions on the licence holder or club must

be clear to the licence holder, club, enforcement officers and the courts.

Imposed conditions

- 10.8 The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives. In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises. This provision also applies to minor variations.
- 10.9 It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives.

Proportionality

- 10.10 The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that evidence of a right to work check, either physical or digital (e.g. copy of any document checked or a clear copy of the online right to work check) is retained at the licensed premises. Licensing authorities may also wish to consider placing additional conditions on licences to safeguard patrons against spiking, if deemed appropriate and proportionate for a specific venue where there is evidence to justify such action (a definition of spiking can be found in para 2.7). Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

Naming, packing and promotion in retail premises

- 10.11 The Government acknowledges that the irresponsible naming, packing or promotion of alcoholic drinks may contribute to alcohol related harms. Where there is direct evidence of specific incidents of irresponsible naming, packing or promotion of alcoholic drinks linked to the undermining of one of the licensing objectives, licensing authorities should, in the exercise of their licensing functions (in particular, in relation to an application for the grant, variation or review of a premises licence), consider whether it is appropriate to impose conditions on licences that require the licence holder to comply with the Portman Group's Retailer Alert Bulletins. This condition should be considered on a case by case basis and in the context of the promotion of the licensing objectives.
- 10.12 The Portman Group operates, on behalf of the alcohol industry, a Code of Practice on

the Naming, Packaging and Promotion of Alcoholic Drinks. The Code seeks to ensure that drinks are packaged and promoted in a socially responsible manner and only to those who are 18 years old or older. Complaints about products under the Code are considered by an Independent Complaints Panel and the Panel's decisions are published on the Portman Group's website, in the trade press and in an annual report. If a product's packaging or point-of-sale advertising is found to be in breach of the Code, the Portman Group may issue a Retailer Alert Bulletin to notify retailers of the decision and ask them not to replenish stocks of any such product or to display such point-of-sale material, until there has been compliance with the decision.

Hours of trading

- 10.13 The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of its licensing policy statement. Licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application.
- 10.14 Where there are objections to an application to extend the hours during which licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested.
- 10.15 Shops, stores and supermarkets should normally be free to provide sales of alcohol for consumption off the premises at any times when the retail outlet is open for shopping unless there are good reasons, based on the licensing objectives, for restricting those hours.
