

FINANCIAL REGULATIONS

INTRODUCTION

Background

1. The Local Government Act 1972 section 151 requires the Council to make arrangements for the proper administration of its financial affairs. Together with the Contract Standing Orders, they regulate the conduct of Council business.
2. These Financial Regulations must be available to and apply to every councillor and employee of the Council and anyone acting on its behalf. They will apply to agents and consultants acting for the Council and to services carried out under agency arrangement, unless specifically excepted by the relevant Group Head and the Chief Finance Officer.
3. They will also apply to all arms-length organisations, wholly owned companies, agencies and partnerships with whom the Council does business and for whom the Council is the relevant accounting body. Where the Council is not the relevant accounting body, but is a responsible partner, staff must ensure that the accounting body has in place adequate Regulations and proper schemes of delegation and ensure that the arrangements are agreed with the Section 151 Officer..
4. Copies of Financial Regulations are provided to the Chief Executive, Deputy Chief Executives, Chief Finance Officer, all Group Heads and Service Managers and are included in the Council's Constitution.
5. To help you understand the terminology used in Financial Regulations, a Glossary of Terms is attached at the end.

7. Group Heads are responsible for ensuring that all staff in their departments are aware of the existence and content of the Financial Regulations and that they comply with them. Equally, staff have a reciprocal responsibility to comply with the regulations.
8. All councillors and employees have a general responsibility for taking reasonable action to provide for the security of the assets under their control, and for ensuring that the use of these resources is legal, is properly authorised, provides value for money and achieves best value. In doing so, proper consideration must be given at all times to matters of probity and propriety in managing the assets, income and expenditure of the Council.
9. Failure to follow Financial Regulations and Contract Standing Orders will be reported to the Chief Finance Officer immediately and may, in consultation with Human Resources, be treated as a disciplinary offence.

10. Financial Regulations should be reviewed in line with inflation every two years by the Chief Finance Officer in consultation with the Chair and Vice Chair of Corporate Corporate Policy and Resources Committee.

In preparing a report the Chief Finance Officer shall consult as far as practicable with the Chief Executive, as the Head of the Council's Paid Service, and with the Group Head of Corporate Governance under the Local Government and Housing Act 1989.

A14 Section 114 of the 1988 Act also requires that the Deputy Chief Finance Officer performs these functions in the absence of the Chief Finance Officer. The Chief Accountant is the Council's statutory Deputy Chief Finance Officer.

- A18 **Delegated Authorities**
- Under delegations to officers authority to make financial transactions is delegated to the Chief Executive, Deputy Chief Executives and Chief Finance Officer. However, some delegation to other staff is necessary for practical purposes. These delegations form lines of accountability which should be clear, well communicated and regularly reviewed. They also provide control through appropriate levels of authorisation, limited numbers and separation of duties.
- A19 Deputy Chief Executives will keep a list of their staff authorised to make financial transactions, copy that list to Chief Finance Officer for entry onto the financial system, and review it regularly.
- A20 An authorised signatory matrix is available to record delegated authorities. Essential details are staff member’s name, grade, specimen signature, transaction type, value limit of authority and evidence of approval by the Deputy Chief Executives, Management Team and the CFO.

MANAGING EXPENDITURE: SCHEME OF VIREMENT (BUDGET TRANSFERS)

A25 The Scheme of Virement is intended to enable the Corporate Policy and Resources Committee, Chief Executive, Deputy Chief Executives and Group Heads and their staff to manage budgets with a degree of flexibility within the overall policy framework determined by the Council and therefore, to optimise the use of resources.

A26 The Council is responsible for agreeing procedures for virement of expenditure between budget headings.

A27 Virements are the temporary transfer of surplus budget provisions between 'estimate' headings. These do not affect the base budgets for future years.

A28 Group Heads are responsible for agreeing in-year virements within delegated limits, in consultation with the Chief Finance Officer where required.

A29 Key controls for the Scheme of Virement are:

- a) It is administered by the Chief Finance Officer within guidelines set by the Council. Any variation from this scheme requires the approval of the Corporate Policy and Resources Committee.
- b) The overall budget is agreed by the Corporate Policy and Resources Committee and approved by the Council. The Deputy Chief Executives, Group Heads and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget. The rules below cover virement. For this purpose, a service comprises a separate page or column in the published budget.
- c) Virement does not create additional overall budget liability. Virements are not permitted on the following revenue expenditure heads unless the Chief Finance Officer has approved their use:
 - a) Business rates resulting from revaluation
 - b) Insurance
 - c) Capital financing charges
 - d) Members' allowances
 - e) Government grants
 - f) And any others identified by the Chief Finance Officer

A30 The Chief Executive, Deputy Chief Executives and Group Heads are expected to exercise their overall discretion in managing their budgets reasonably and prudently. For example they should aim to avoid supporting recurring expenditure from on-off sources of savings or additional income of

creating future commitments, including full-year effects of decisions made partway through a year for which they have not identified future resources.

- A31 The Chief Executive, and Deputy Chief Executives may transfer or "vire" funds between budget heads (both revenue and capital) within their services, subject to the following general parameters:
- (a) All corporate guidelines and policies will be followed;
 - (b) Conditions of Service will be complied with;
 - (c) A single 'one-off' budget may not be transferred to fund a new ongoing item of expenditure; and
 - (d) Budgets not under effective control of the budget holder may not be vired eg rates and insurance.
- A32 Any such transfer will be agreed with the Group Head and discussed with the service accountant before implementation and agreed by the Chief Finance Officer.
- A33 Any proposal to transfer funds between services requires the approval of the Management Team (MAT) and the Corporate Policy and Resources Committee.
- A34 Any virement (revenue or capital) with a value greater than £100,000 must be approved by the Corporate Policy and Resources Committee..

Supplementary Estimates

- A35 If an essential increase in spending cannot be contained within existing budgets through the transfer arrangements described above, the relevant Deputy Chief Executive will consult with the Chief Finance Officer and report to the Corporate Policy and Resources Committee (where applicable), to obtain a supplementary estimate. No expenditure may be incurred until the supplementary estimate has been approved.
- A36 The Chief Finance Officer in consultation with the Chair and Vice Chair of Corporate Policy and Resources Committee is authorised to approve a total supplementary expenditure in a year not exceeding **5%** of the approved Net Revenue Budget, and **£20,000** on any approved capital scheme.
- The Corporate Policy and Resources Committee is authorised to approve a total supplementary expenditure in a year not exceeding **10%** of the approved Net Budget, Requirement of the Council and **£1,000,000** on any approved capital scheme.
- A37 The Chief Finance Officer shall maintain a record of all supplementary estimates approved.
- A38 If a claim is made against the Council which is not recoverable under an insurance policy, the Leader has authority to spend as necessary in resisting the claim, and/or in deciding and meeting the terms of any settlement made in the best interests of the Council. The Chief Executive is authorised to decide the terms of any settlement involving expenditure not exceeding £30,000, and to spend such amounts subject to report on the circumstances of the claim

and settlement to the next meeting of the Corporate Policy and Resources Committee.

- A41 To administer the scheme of carry forward.

FINANCIAL REGULATION B: FINANCIAL PLANNING

B1 The Council is responsible for agreeing the Council's policy framework and budget, which will be proposed by the Corporate Policy and Resources Committee. . In terms of financial planning, the key elements are:

- the corporate strategy in the form of the Corporate Plan;
- service plans;
- the medium term financial strategy;
- the Outline Budget;
- the Revenue Budget;
- the Reserves Strategy
- Treasury Management Strategy
- the Capital Strategy and
- the Capital Programme.

THE BUDGET PROCESS

Introduction

B2 Each year, the Chief Finance Officer and Chief Accountant will prepare timetables for the preparation, submission and approval of the Outline Budget, Capital Budget and detailed Revenue Budget. These budgets will comply with the Code of Practice on a Prudential Approach to Local Authority Commitments.

B3 The order of paragraphs in this section roughly follows the order in which the budget process is carried out.

Capital Programme

B4 The Chief Executive, and Deputy Chief Executives will prepare provisional estimates of income and expenditure on capital schemes for each of their services, for each of the next four financial years, together with details of any revenue implications. The Chief Finance Officer will specify the form these estimates should take and the timetable for their submission.

B5 Capital expenditure differs from revenue expenditure in several ways, and falls into the following general categories:

- a) purchase or construction of an asset;
- b) enhancement of an asset; and
- c) grants for capital purposes.

B6 Council assets include land, buildings, vehicles, plant and equipment. The Council makes grants for capital purposes such as improvement grants and grants to housing associations which are classed as capital expenditure.

B7 Capital expenditure is often of high value and the benefit is expected to be spread over a number of years. Revenue expenditure is the annual running costs in relation to the provision of a service.

- B8 Provisional estimates will distinguish between committed and uncommitted expenditure. A scheme can only be included in provisional estimates after detailed evaluation by Management Team in accordance with agreed criteria.
- B9 Management Team will consider the provisional capital programme. After making any necessary amendments, the Chief Finance Officer will submit the summarised programme and estimated resources to the the Corporate Policy and Resources Committee, together with a report on the revenue implications of the programme and any other relevant information.
- B10 The programme recommended by services and a report by the Chief Finance Officer will be submitted to the Corporate Policy and Resources Committee, for final consideration in the context of the Council Tax to be levied.

Outline Budget Forecast

- B11 Management Team will prepare information needed to produce an Outline Budget Forecast for each of their services. The Chief Finance Officer will specify the form this Forecast should take and the timetable for its submission.
- B12 This information will include :-
- i. an indication of the continued need for the service at its current level and in its current form;
 - ii. the impact on the service of known or likely legal or contractual changes over the next four years;
 - iii. the impact over the next four years of any policy changes already approved by the Management Team
 - iv. The impact other changes on service levels and net income such as anticipated population growth, state of the economy

- B13 Management Team will consider the initial Outline Budget Forecast. After making any necessary amendments, the Chief Finance Officer will submit it to the Corporate Policy and Resources Committee, together with a report on the possible central government funding levels as set out in the Local Authorities Provisional Settlement ,other grant funding and anticipated retained business rates income, availability of reserves and implications for the Council Tax.
- B14 The Corporate Policy and Resources Committee will consider this and determine the overall level of resources to be made available, and the limits within which detailed budgets can be prepared.

Detailed Revenue Budget

- B15 Management Team will prepare provisional detailed estimates of income and expenditure on the revenue account in accordance with the Corporate Plan for each of their services for the next financial year. The Chief Finance Officer will specify the form these estimates should take and the timetable for their submission.
- B16 These estimates will reflect the Outline Budget Forecast and the decisions of the Corporate Policy and Resources Committee detailed at paragraph B13 above.
- B17 All revenue budgets will be prepared at current costs, and converted to outturn prices by Financial Services. The forecast for inflation will be decided by the Chief Finance Officer.

- B18 Each budget head will be cash limited, and any minor variations in spending will be met from the approved budget. A budget head is an individual sum specified in the published service budget.
- B19 The Chief Finance Officer will submit the detailed draft Revenue Budget to Management Team for consideration and approval and subsequently submit it to the Corporate Policy and Resources Committee.

Approval of the Annual Revenue Budget

- B20 By 1 March at the latest each year, the Corporate Policy and Resources Committee will submit to the Council estimates of income and expenditure on the revenue account which it recommends for the next financial year, together with statements of precepting authorities' requirements, and its recommendation for the Council Tax necessary to meet the expenses of both the Council and precepting authorities.
- B21 The Council will meet by 1 March each year to consider the total budget proposals submitted by the Corporate Policy and Resources Committee and decide the amount of Council Tax to be levied for the next financial year.
- B22 Once approved by the Council, amounts detailed in the Annual Budget may only be applied to the objects specified under their relevant budget head, or "voted". See paragraph A31 above for procedures to vary these approvals.

BUDGETARY CONTROL

- B23 Budgetary control ensures that once budget has been approved by the Council, resources allocated are used for their intended purposes and are properly accounted for. Budgetary control is a continuous process, enabling the Council to review and adjust its budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.

CAPITAL

Authorisation of Capital Expenditure

- B24 Capital expenditure on a scheme not included in estimates or budgets may only be incurred after full evaluation of that scheme by the Corporate Policy and Resources Committee and/or its Development sub-committee (as appropriate) (if under £1 million). Any proposed capital expenditure over £1 million must be evaluated and agreed by majority of Council Members. This will include a statement explaining the scheme's purpose, the need for it and a detailed analysis of capital costs involved. Exceptions are any payments authorised under paragraph A35 above. If the estimated expenditure is expected to cover more than one financial year, the estimate will show:
- i. the total estimated expenditure, and
 - ii. the proposed levels of spend for each financial year involved.

This paragraph (B24) shall take priority over any other clause or paragraph within this Constitution that may be, or appear to be, in conflict.

- B25 The scheme evaluation will also include a statement of estimated revenue expenditure and income generated by the scheme:
- (a) during the construction period, and
 - (b) for the first three years following the completion of the project.
- B26 The Deputy Chief Executives can authorise reasonable expenditure on necessary preliminary works, fees and salaries on schemes for which they are responsible, within the approved capital programme.
- B27 Accountability for each capital project is to be accepted by a named manager.

Capital Expenditure Monitoring

- B28 No Group Head responsible for the implementation of a capital scheme may incur capital expenditure greater than the approved budget for that year.
- B29 As soon as a staff member becomes aware of a likely overspend on a Capital Scheme, they must report to Management Team and the Corporate Policy and Resources Committee (as applicable), requesting a supplementary estimate in accordance with A35 and expenditure under A36.
- B30 The Group Head for Neighbourhood Services is authorised to purchase new equipment other than programmed replacements, provided such purchases are contained within Neighbourhood Services' revenue plan as agreed in advance with the Chief Finance Officer.

RESPONSIBILITIES OF THE CHIEF FINANCE OFFICER

- B31 To prepare capital estimates jointly with the Chief Executive, Deputy Chief Executives and Group Heads and to report them to the Corporate Policy and Resources Committee for approval. The Corporate Policy and Resources Committee will make recommendations on the capital estimates and on any associated financing requirements to the Council.
- B32 To prepare and submit reports to the Corporate Policy and Resources Committee on the projected income, expenditure and resources compared with the approved estimates.
- B33 To issue guidance concerning capital schemes and controls, for example on project appraisal techniques.
- B34 To approve the re-phasing of capital schemes within the approved capital programme between financial years, subject to the availability of resources to make the most effective use of those resources.

Prudential Code

- B41 Under the Local Government Act 2003 the Council is required by regulation to have regard to the Chartered Institute of Public Finance and Accountancy's (CIPFA) Prudential Code for Capital Finance in Local Authorities (the Code). The key objectives of the Prudential Code are to ensure that within a clear framework, the capital investment plans of local authorities are affordable, prudent and sustainable. A further objective is to ensure that treasury management is undertaken in a manner that supports prudence, affordability and sustainability.
- B42 The Council is responsible for approving prior to the commencement of the financial year the prudential indicators for the forthcoming financial year and at least the two subsequent financial years required by the Code. The indicators required as a minimum are:

For the three year period:

Estimates of the ratio of financing costs to net revenue stream;
Estimates of the Council Tax that would result from the totality of the authority's plan;
Estimates of capital expenditure;
Estimate of capital financing requirement (underlying need to borrow for a capital purpose);
Authorised limit for external debt;
Operational boundary for external debt; and
aAny locally determined indicators considered appropriate

After the year end actual values are to be calculated for:

Ratio of financing costs to net revenue stream;
Capital expenditure;
Capital financing requirement; and
External debt.

Responsibilities of the Chief Finance Officer

- B43 The Chief Finance Officer is responsible for establishing procedures to both monitor performance against all forward looking prudential indicators and for ensuring that net external borrowing does not exceed the capital financing requirement. The Chief Finance Officer will report to Council any significant deviations from expectations. The Chief Finance Officer will ensure that regular monitoring is undertaken in year against the key measures of affordability and sustainability, by reviewing estimates of financing costs to revenue and the

capital financing requirement. Significant variation in the estimates used to calculate these prudential indicators, for example caused by major overruns of expenditure on projects or not achieving in-year capital receipts, will require a report to Council setting out management action.

REVENUE

The Council also expects that individuals and organisations with whom it comes into contact (e.g. suppliers, contractors, service providers, and partners) will act towards the authority with integrity.
