<p>Publication Version of the Local Plan and Draft Staines Development Framework Publication were agreed by Full Council May 2022.</p> <p>Within the annual planning performance report, it highlights the risk around the number of overturns of major applications which are then allowed on appeal. If the 10% figure is breached, then the Council would</p>	<p>of housing schemes and targets (both affordable housing and general housing). Key development schemes within Staines-upon-Thames have been held up by the Moratorium, presenting increased delivery costs because of construction inflation. Non-development costs (approx. £1.2m over last year up to March 2022) have resulted in significant adverse financial impact for the Council. Increased rates from the PWLB and rising inflationary pressures will affect the viability of each project going forward, which could further impact delivery of housing targets.</p> <p>(iv)Delays in political decision making have an adverse impact on both timeliness and direction of Development schemes. Expanding the specification of properties generates more costs to Development schemes</p>			<p>Investment Group (DIG). Bi-monthly Assets Portfolio Working Group (with Chair and Vice of both CPRC and Development Sub-Committee) meetings are being held.</p> <p>Viability assessments of development schemes are required to take on board the increased cost of PWLB loan rates and further inflationary pressures to determine ongoing financial viability.</p> <p>Regular advisory reports to Members/Committees to inform decision</p>

APPENDIX A - CORPORATE RISK REGISTER

Risk Scoring Matrix

This is the matrix that is used across the Council

Red risks require prompt, planned management action

Amber risks require planned management action

Green risks are accepted risks

Impact	4 (Catastrophic)			2, 6	
	3 (Major)			3; 5	1 (a); 1 (b); 4; 7
	2 (Medium)				
	1 (Trivial)				
		1 (Rare)	2 (Unlikely)	3 (Likely)	4 (Almost certain)
		Likelihood			

APPENDIX A - CORPORATE RISK REGISTER

How risks are scored:

We score risks, with their current controls in place, for likelihood and impact as shown below:

Score	Impact	Likelihood (over 4 years or timescale deemed appropriate)
1	Trivial	Rare (once)
2	Medium	Unlikely (a few times / less than annual)
3	Major	Likely (several times / more than annual)
4	Catastrophic	Almost certain (many times a year)

Impact can be measured in many ways and will be specific to what you are assessing, but the most common are on objectives, finance, and reputation.

KEY

- *Controls and Mitigation* - Any action taken to manage risk and increase the likelihood that established objectives will be achieved.
- **Control Actions* - These are specific actions to reduce the likelihood of a risk event or occurrence.
- ***Mitigating Actions*- These are specific actions to reduce the impact of a risk event should it occur.

APPENDIX A - CORPORATE RISK REGISTER
