How have you identified the need for carbon reduction or environmental improvements?	Yes – no other local wildflower meadows offering a variety of species to encourage wildlife and pollinators.

Reviewing the application

Once applications have been received, they will be reviewed to ensure that they meet the criteria.

Appendix 1

Where applicants do not meet the criteria, they will be told that their application cannot be taken further and signposted to other potential financial support available for what you are trying to achieve.

If it is obvious that an error has been made and crucial information has mistakenly been omitted, and where we are able, we will endeavour to contact you to give you the opportunity to provide the missing information.

It is important to note that unfortunately meeting the criteria does not guarantee you will receive funding from the Green Initiatives Fund. Applications received and those evidencing that they meet our criteria will be considered by the Climate Change Working Group who will then recommend those to go to the Environment and Sustainability Committee for formal approval.

In exceptional cases we may ask you for further information or clarification during the Climate Change Working Group's consideration of your application. The Environment and Sustainability Committee has the final say. We are required to follow this process as we are using public money and need to follow due process.

The final decision and payment

The Climate Change Working Group may decide to recommend to the Environment and Sustainability Committee:

- a) That your organisation gets awarded the full amount applied for.
- b) That your organisations receive an award for a lower amount than applied for.
- c) That your organisation has been unsuccessful for the current year.

Appendix 1 For Non-Council Organisations the following will also be required

Financial status:

Please provide your last set of audited accounts and preferably, where possible, for the previous year. Please note that these will be treated in the **strictest confidence**, but we need to be reassured that your organisation is financially able to deliver what you are applying for. If you are unable to provide audited accounts, please contact us as a matter of urgency to discuss what you can provide and when. They can be sent securely by email or attached to the electronic application form.

Please provide details of all funding that you have applied for, for the year 2022-2023. Please include any applications you have made for funding that remain pending, along with those refused, agreed, or agreed in part. In addition, if you have been advised that an offer of match funding has been made please include that in the table below.

The Aims of your organisation:

It is extremely helpful for the Committee to know about your organisation. How, why and when it was set up and for what purpose. What are your key objectives and how have these changed?

When was your organisation set up?	January 2021
If you have charity status when was it awarded?	
Why was your organisation created?	To improve the park for the community. We formed to be able to apply for a large YourFundSurrey grant to improve the playground.
What are you aiming to achieve?	We are hoping to improve the playground facility, plant more trees, spring bulbs and a wildflower meadow. We want to encourage more visitors to the park, help with people's physical and mental health and help the environment by planting more.
How do you measure success generally?	We have already seen an increase in park usage and a decrease in anti-social behaviour. We hope that our projects all coming together will give the local community somewhere to be proud of and look after.
