

APPENDIX A Corporate Risk Register - Spelthorne Borough Council

Risk Scoring Matrix (Plotted **March 2023** for current RAG rating and current risk score in consultation with Officers)

This is the matrix that forms part of the risk management policy. We currently assess the level of each risk category by plotting them on this matrix to provide a traffic light RAG rating. We also determine a numerical risk score by multiplying likelihood and impact scores. Please also refer to the next page for further detail on the approach and criteria applied.

When assessing the Council's risks in terms of likelihood and impact, we take into account the national and global picture for wider externalities such as the macroeconomic environment and geopolitical factors. Spelthorne's operations remain influenced by these external challenges and pressures, as is the case for other Councils. Due to these externalities, there are many activities that the Council cannot directly control/mitigate, or influence and continued recognition is important.

Red risks require prompt, planned management action **Amber** risks require planned management action **Green** risks are accepted risks. RC = Risk category on the detailed register e.g., RC2 = Risk Category 2 – Economy.

IMPACT	4 (Catastrophic)				
	3 (Major)			RC2 RC3 RC5 RC6 RC8 RC9	RC1a RC1b RC4 RC7
	2 (Medium)				
	1 (Trivial)				
		1 (Rare)	2 (Unlikely)	3 (Likely)	4 (Almost certain)
		Likelihood			

APPENDIX A Corporate Risk Register - Spelthorne Borough Council

How risks are scored:

We assess and score risks, with their current controls and current mitigations in place, for likelihood and impact as shown below:

Score	Impact	Likelihood (over 4 years or timescale deemed appropriate)
1	Trivial	Rare (once)
2	Medium	Unlikely (a few times / less than annual)
3	Major	Likely (several times / more than annual)
4	Catastrophic	Almost certain (many times a year)

Impact can be measured in many ways and will be specific to what you are assessing, but the most common are on objectives, finance, and reputation. We then plot the risk on the risk matrix model shown on the prior page to provide a RAG rating, to determine and prioritise the most significant risks for action. The risk action plan (refer to separate document) sets out how the authority is working towards further addressing and mitigating the risks.

KEY TO TERMINOLOGY (SEE RISK REGISTER BELOW)

- Risk is the chance of something happening or not happening that will affect the achievement of corporate priorities and business objectives.
- Controls and Mitigation - Any action taken to manage risk and increase the likelihood that established objectives will be achieved.
- *Control Actions - These are specific actions to reduce the likelihood of a risk event or occurrence.
- **Mitigating Actions - These are specific actions to reduce the impact of a risk event should it occur.

Risk Descriptions
<p>1a (i) The delays in decisions, which occurred due to a number of factors, appear to have been a key contributory cause in schemes not taking off/progressing, leading to rising overall costs, and risk of adverse financial position of the Council. The risk of adverse impact from past delay and any further delay has now increased in the context of rising interest rates and significant construction inflation.</p> <p>1a (ii) Significantly increased interest rates from the Public Works Loan Board (PWLB) and rising inflationary pressures continue to significantly affect the financial viability of each project going forward, which could further impact delivery of housing schemes and development targets (both affordable and general housing).</p> <p>1a (iii) Market volatility including exchange rate fluctuations are further exacerbating frequent uplift of scheme prices and costs (such as materials / fuel / transportation / labour) leading to delays in finalising contracts and necessitating new approaches to contract management such as open booking accounting. This may provide greater uncertainty in terms of longer-term contract costs and budgetary impact but will enable fair value to be demonstrated.</p> <p>1a (iv) If overall direction for Knowle Green Estates (KGE) were to become unclear in the provision of the Council's Housing delivery programme this would present risks of failing to meet wider housing needs within the borough (beyond affordable housing), impacting effective delivery of housing development targets and increased payments to 3rd party landlords.</p> <p>1a (v) Any delays in the examination and adoption of the Local Plan is likely to continue to impact on the ability to bring forward the appropriate quantum of housing development.</p>

Risk Descriptions
<p>1b (i) Lack of affordable housing supply increases homelessness</p> <p>1b (ii) Housing provision (types of units) does not meet local resident needs or address client special needs for accommodation.</p> <p>1b (iii) The Domestic Abuse Act presents additional pressures and demand as there is a requirement for victims of domestic abuse to be prioritised and rehoused in secure accommodation (parameters of what constitutes domestic abuse expanded under latest legislation)</p> <p>1b (iv) The ongoing conflict in Ukraine and refugee situation presents additional pressures in ensuring that fundamental needs are met in supporting new communities.</p> <p>1b (v) There is also pressure from neighbouring and London authorities placing households in the borough, often without our knowledge, however the Council has no powers to prevent this. It further reduces supply.</p> <p>1b (vi) Managing demand for social housing is extremely challenging given that anyone with a local connection can apply for housing to any Council.</p> <p>1b (vii) Cost of Living crisis and rising interest rates are adding increased pressure to (a) homeowners and landlords in repayment of mortgages as variable rates spiral. This may lead to landlords increasing rental charges presenting more homelessness cases (if rents cannot be afforded) with increased demand for social housing.</p> <p>The above risks lead to increased costs and pressure on the Council's Housing Service in responding to homelessness and growing numbers on the Housing register, impacting delivery of affordable housing provision across the borough. If fundamental housing needs are not met / maintained this may have a negative impact on the health and wellbeing of individuals / families.</p>

Risk Descriptions

Evolving national economic strategy and policy and ongoing recovery from previous pandemic lockdowns continue to have an impact on economic wellbeing locally, nationally and globally. This is now being compounded by impact of the Cost-of-Living crisis. The risk implications and threats to the Council are:

- Residual risk to be accepted – whilst Council actions aim to support businesses and the local economy, these actions alone can only have a limited impact due to the overarching effects and long-term uncertainty of the macroeconomic environment, market volatility and geopolitical factors over which the Council has incredibly little influence.
- Challenges around the full recovery of the aviation sector remains significant for Spelthorne’s local economy and communities due to its proximity to Heathrow as a major employer in the area.
- Significant longer-term reduction in income (fees and charges, such as parking and retail lettings of the Elmsleigh Centre) with decreased footfall in the town centres and uncertainty around future consumer activity patterns. This will continue to impact the Council’s finances.
- The potential for increased level of business failures as a result of wider economic instability (inflationary pressures and increase in borrowing) and the need to pass on increased costs to the consumer. This impacts economic prosperity of the borough and affects collections rates for business rate income, with reduced levels impacting finances and services available.
- The current economic environment may increase occurrences of anti-social behaviour, theft and fraud

***Current Control Actions** (See Key. These are specific actions to reduce the likelihood of a risk event or occurrence)

An Economic Prosperity Strategy has been developed (2023 – 2028) which addresses the key actions which face the borough. It incorporates a detailed strategy

4(i) Increased financial pressures faced by the Council arising from the continued inflationary pressures on fuel, gas and electricity, staff pay pressures, slowing down of the housing delivery programme, significantly increased PWLB loan rates and other external factors are collectively causing a significant increase in revenue costs and capital expenditure. This will have a significant impact on the Council's balanced budget for 2022/23 and the planned budget deficits from 2023/24 to 2025/26.

4(ii) Combined with reduced fee income and collection rates for Business Rates and Council Tax (exacerbated further by the Cost-of-Living crisis) this could have an impact on the Council's ability to deliver services as well as creating greater demands on community services, leading to a negative impact on the Borough's residents and communities (economic, social, physical and mental wellbeing). Ongoing financial pressures could lead to the Council becoming financially unsustainable.

<p>Climate change represents a significant global threat driving social and economic disruption with far ranging consequences for socioeconomic stability. Climate change and extreme weather events impact on health and safety, food systems, supply chains & procurement, economic productivity, and losses. Due to climate change, there is a specific risk to the Borough of Spelthorne in terms of more extreme heat and increased flooding, besides the more global threats such as severe storms (threat to loss of life and limb) impacting locally. If the Council is not pursuing measures or seeking positive opportunities to mitigate and adapt to climate change, it could result in criticism / bad press / public demonstration and additional organisational pressures may result in a loss of focus around climate change and green initiatives. A lack of preparedness for the impacts of climate change may lead to Council Services no longer being sustainable or in a suitable position to operate in the future.</p>

Risk Descriptions
<p>7(i) Overstretched capacity exacerbated by the additional workload, new Committee system of governance and demands arising from new schemes / initiatives in supporting communities (as well as the departure of several experienced staff) could lead to increased staff fatigue / burnout / sickness levels arising. This may impact further on employee stress levels and mental / physical wellbeing, which may also lead to reductions in expected service delivery.</p> <p>7(ii) Residual risk refers to the risk that remains after control processes and measures to eliminate some or all the inherent risks have been made. It could be deemed that due to the nature of the risk set out at 7(i) above and 7(iii) below with reference to causes and consequences, as well as the continuation of intense work pressures, some residual risk may continue. In acknowledging this, the Council may wish to either: do nothing on the basis that the controls have proven effective enough to reduce the risk to an acceptable level, OR increase or modify controls to reduce the risk to a level that is regarded acceptable OR evaluate the cost of revised control and mitigation measures vs benefits and whether this is deemed necessary to bring the risk to an acceptable level.</p> <p>7(iii) Unsuccessful recruitment and ongoing unfilled vacancies in a challenging and competitive labour market lead to reduced level of technical skills and relevant expertise operating across Services. Staff shortages further exacerbate workload pressures across teams. The consequences of this risk are set out earlier at 7(i).</p> <p>7(iv) Ineffective or inappropriate recruitment exacerbated by the skill shortages within the local government market could result in appointments that fail to effectively meet business need leading to reduced service quality.</p>

APPENDIX A Corporate Risk Register - Spelthorne Borough Council

Capacity management – Management to address workload issues across teams, with continued prioritisation of tasks	Staff can access welfare information on Intranet. Support is available for mental and emotional wellbeing including mental health first aiders and Care First. This scheme has been promoted through regular staff communications.
Responsibility to remain alert to stress related risks of demanding workload.	Monitoring of sickness absence providing corporate view of stress issues.
The need to treat colleagues respectfully has been recognized and communicated.	
Corporate values under the acronym 'PROVIDE' form part of the Corporate Plan. Over time it is the intention for the Council's values to become further embedded into behaviours, policy, and processes (including recruitment).	
Annual staff and Member survey commissioned Spring / Summer 2022 designed to ascertain employee and member views on several themes including workplace culture, values, recruitment and retention. Feedback from the survey has been analysed with a view to making any necessary improvements and changes. Both survey summaries are being reported to Councillors.	
Growth bids for additional resourcing form part of annual budget process (moratorium restrictions being implemented going forward), with 17 FTE's previously approved for 2022/23.	No net increase in FTE's approved as part of the 2023-24 Budget approved by February Council. Managers and Committees responded positively to the moratorium on new FTE growth bids implemented by CPRC.
Several recruitment and retention measures have been underway for some time with examples below: i) Recruitment and Retention Policy and Market Supplement Scheme to offer financial enhancements for hard to fill posts which are agreed by MAT. Anticipated £200k of the £250k corporate provision will be utilised in 2022/23 ii) An apprenticeship training programme to upskill existing staff and offer development opportunities to new hirers. As part of the Finance restructure (being funded within existing budget), two apprentice posts are being created. iii) An Employee Assistance Programme scheme and Mental First Aider scheme to assist with staff wellbeing. iv) Implementation of hybrid working in response to staff feedback and ensuring that staff are fully equipped to work from home.	February Council approved pay uplift for 2023-24 – a fixed £1,925 per FTE equivalent to an average increase of 3.5%

<p>v) Flexi time working arrangements.</p> <p>vi) An exit interview scheme routinely offered / undertaken that encourages leavers to engage, providing an opportunity for SBC to learn, improve and apply where appropriate for the future.</p> <p>vii) A 2.5% pay increase for 5 lowest grades approved for 2022/23 and 2% increase for all other staff (moratorium on staff establishment resource for 2023/24)</p> <p>viii) Members of South East Employers newly formed Reward and Recognition Network to share best practice and to learn from any initiatives taking place elsewhere (this is a work in progress). This highlights that all local authorities are experiencing recruitment issues.</p> <p>ix) Collaborative working and Partnerships being explored with a view to enhancing organisational and service resilience, promoting career opportunities and staff retention measures. Working group in place.</p>

Risk Descriptions
If there is a failure to effectively adhere to the Equality Act (2010), this could lead to workplace practices and delivery of services that fail to incorporate necessary principles, standards and requirements in promoting equal opportunities, diversity and inclusivity. This may increase risks of discriminatory practices and consequentially, the Council could be subject to complaints or even claims resulting in reputational damage.

Training mechanisms to raise awareness and understanding such as use of Workrite and external trainer provided remote staff training during 2020/21.	Equality Impact Assessments are completed as a requirement on initiation of new projects and strategies.
Some examples of how the Council demonstrates its commitment to E, D & I principles include: (i) Recognising and celebrating diversity through communications and engagement amongst staff and local communities such as Black History Month and GBLT Pride month. (ii) Champions (Staff reps) introduced at staff meeting to explore further positive approaches relating to E, D & I. Inclusivity Working Group in place. (iii) Corporate Values – (PROVIDE) are incorporated into the Council's equality and diversity objectives (to be published next week) together with an internal equality and diversity policy. (iv) An Equality, Diversity and Inclusivity 'Statement of Intent' document has been recently reported.

Risk Descriptions
<p>9 (i) The County Deal presents potential implications for collaborative and partnership working approaches across Surrey Districts and Boroughs in serving local communities.</p> <p>9 (ii) In the context of wider financial / funding challenges being experienced across local government, there is a greater risk that pressures faced at County Council level may be diverted to districts and boroughs. This could lead to increased workload for smaller authorities like Spelthorne as well as extended complexity and risk in delivering high profile services / operations for which skills and expertise may not be held. (One example relates to Family Support where the volume of County referrals for high need cases have increased significantly, as well as the caseload category exceeding 'level 3').</p> <p>9 (iii) As Surrey County Council draw to an end a number of services and agency agreements (formerly undertaken by Spelthorne), this could lead to reduced service quality in areas such as on-site parking and verge maintenance, impacting local communities and residents.</p>

Service Level Agreements to clarify roles and responsibilities of respective parties	Spelthorne is committed to working in partnership with a significant number of such arrangements already in place, with a view to promoting greater alignment of strategic responsibilities and resources to achieve greater effectiveness and optimising best value.
Strategic boards such as Surrey Delivery Board established in making broader decisions
