160/23 Announcements from the Leader

The Leader made the following announcements:

"Last week this Council hosted representatives from the Surrey Community Safety Partnership to discuss the co-ordinated approach to the investigations an ongoing community engagement following the racially aggravated assault which place near Thomas Knyvett School in Ashford on 06 February 2023. The Partnership strongly agrees that there is no place for racism in Surrey and the incident must be met by a unified response from key partners that support all communities in the Borough. We understand that challenges lie ahead. By working together, racism, discrimination and intolerance can be reduced by bringing together communities through improved cohesion and education. We know that a number of children were involved in this incident and our priority as a partnership is to ensure that they are all appropriately supported and safeguarded.

In January we launched cashless parking in all council owned car parks. The launch of RingoGo offers motorists the option to pay for parking on their smartphone. The current payment options of cash, contactless and chip and pin are still available.

The Council has submitted a planning application to redevelop the Oast House site on Kingston Road in Staines-upon-Thames. As part of the Council's commitment to deliver more affordable homes, the development

plans include 184 affordable one and two-bedroom homes. The plans also include proposals for a new health and wellbeing centre and the refurbishment of the Oast House for community use.

Revised plans have also been submitted for an application to build 105 one and two-bedroomed apartments for private rent at Thameside House on South Street in Staines-upon-Thames. The scheme also includes over 36,000 square feet of energy efficient office space which the Council plans to lease. Several changes were made to the plans in response to feedback received during the consultation phase, including a reduction in the height of the development from 15 storeys to 11.

The Mayor of Spelthorne, on behalf of this authority and leaders of all political parties in the Borough, has written to Transport for London and The Mayor of London regarding the implications for our residents and businesses in Spelthorne of the extended London Ultra Low Emission Zone (ULEZ). Whilst we are supportive of the need to improve air quality, we cannot support the extended ULEZ in its current form and we are asking for much stronger engagement from TFL and that the consequences for our community are fully assessed.

The Coronation of His Majesty the King will take place on Saturday 06 May 2023. If you are thinking of organising a street party, you will need to apply for a temporary road closure and the deadline to apply is 17 March 2023. You might be eligible for a small Better Neighbourhood Grant for your street party and the deadline to apply is 28 April 2023. Please speak to your Ward Councillor for further information. There will be many events across the borough celebrating the Coronation and we have a dedicated web page which is regularly updated. The Council will be hosting a picnic in the park for residents at Lammas Park in Staines-upon-Thames on Saturday 06 May from 11am-4pm with music and children's entertainment. Our Community Centres will also be open for residents to enjoy the Coronation for a right old Royal knees to celebrate this momentous occasion"

The Chief Executive made the following announcements:

"The Spelthorne Civic Trust will be celebrating its 40th Anniversary at its annual Awards evening to be held at 7:30pm on Tuesday 18th April in this Council Chamber. On behalf of the Trustees, all members of this Chamber are duly invited to attend, and invitations were dispatched yesterday.

Colleagues across this authority can rightfully be proud for what they collectively accomplish, included our outstanding partnership and cross service working in supporting our community and businesses - as concluded in the recent Corporate Challenge Peer Review Report. I will shortly be writing to the 7 Group Leaders and all independent members of this Chamber to invite them to meet with the full complement of senior managers to start considering and collectively addressing the recommendations".

As the Borough Returning Officer, please note that The Elections Act 2022 requires residents to show photographic ID at the polling station to vote in this

year's all-out local elections to be held on Thursday 4 May. We have instigated a campaign to encourage residents to get ready for the change by checking if they have an acceptable form of ID. Anyone without ID can either apply for a free Voter Authority Certificate or a postal vote. All members will have now received formal correspondence from the Monitoring Officer outlining the guidelines and restrictions on publicity during the pre-election period that starts on 23 March 2023”.

162/23 Questions from members of the public

The Mayor reported that, under Standing Order 14, five questions had been received from members of the public.

Question from A McLuskey:

“Given concern over recent flooding in Spelthorne, can the Leader explain what has been done since the 2014 inundations to protect life and prosperity in the area?”

Response from Councillor I Beardsmore, Chair of the Environment and Sustainability Committee:

“Thank you for your question, Mr McLuskey. At the time of the floods in 2014, a considerable amount of assistance was given to those affected by the flooding from the River Thames. Property protection advice and grants were subsequently given to the owners of properties likely to flood in order to help build resilience. However, the key scheme to mitigate any future flooding is the River Thames Scheme, which is now progressing well, having secured the necessary funding to build it. This Council has demonstrated its support for the scheme by committing to provide a £1.3m capital contribution towards the development costs.

As this is a large infrastructure project there are inevitably processes to go through, including the need to obtain a Development Consent Order, all of which take time. At present this scheme is in the pre-application stage and it is anticipated that following the required consultation processes, the Development Consent Order should be submitted to the Planning Inspectorate in winter 2024. If successful in the planning process, construction of this scheme would then start in winter 2026, with completion scheduled for winter 2030.

Surrey County Council is the strategic flood risk authority and also responsible for surface water flooding, but we have worked closely with Surrey’s team to identify causes of surface water flooding in the Borough and put in measures to mitigate that flooding, including in areas such as Guildford Street and Milton Gardens.

We are very aware of the potential significant flooding issues in the Borough, and not only work closely with partners to address the issues, but also have in place comprehensive emergency plans should flooding occur.”

Question from Julie Fegredo:

“Are the Councillors that are reported in the local government report on Spelthorne abusing their powers in asking for preferential services and disregarding the fair allocation of resources for all our borough being investigated and sanctioned – if not, why not?”

Response from the Leader of the Council, Councillor Boughtflower:

“Thank you, Madam Mayor. As this question relates to the Standards Committee, I will ask the Council’s Monitoring Officer to provide a response.”

The Monitoring Officer responded as follows:

“Thank you, Madam Mayor. The Council’s Standards Committee supports the Monitoring Officer to promote and maintain high standards of conduct by councillors. In order to achieve this, the Council has adopted the Local Government Association model Code of Conduct. Any breaches of this code is subject to has a formal complaints system which all councillors are aware of. This sets out the proper process for potential breaches of the Code of Conduct, which deals with councillor behaviours. It can be found on the Council’s website. Any complaints received will be dealt with in accordance with those procedures. It should be noted however that there is no power to disqualify any councillor.”

Question from Julie Fegredo:

“Can the Council Leader state which are the Councillors, wards or parties they represent, that are shockingly abusing their powers in the recent peer review report and should they not be disqualified from public office?”

Response from the Leader of the Council, Councillor Boughtflower:

“Thank you, Madam Mayor. As this question relates to the Standards Committee, I will ask the Council’s Monitoring Officer to provide a response.”

Question from Julie Fegredo:

“What is the Leader doing to robustly address the abuse of Councillor privilege reported in the Spelthorne Peer Review Report when it states that some councillors are seeking preferential treatment for street cleaning, waste collection and leisure services?”

Response from the Leader of the Council, Councillor Boughtflower:

“Thank you, Madam Mayor. As this question relates to the Standards Committee, I will ask the Council’s Monitoring Officer to provide a response.”

The Monitoring Officer responded as follows:

“Thank you, Madam Mayor. The Council’s Standards Committee supports the Monitoring Officer to promote and maintain high standards of conduct by councillors. Question from Adrian Ulisse:

“Can the Leader of the Council advise how many Councillors are being investigated for conduct breaches of their public office, how many complaints or pending cases there have been over the past year and have these been reported to residents?”

Response from the Leader of the Council, Councillor Boughtflower:

“Thank you, Madam Mayor. As question five relates to the Standards Committee, I will ask the Council’s Monitoring Officer to provide a response.”

"The Community Infrastructure Levy (CIL) allows the council to raise funds from some forms of new development to help fund the infrastructure needed to mitigate the impacts of new development. CIL funds are used for either local infrastructure or infrastructure of wider strategic benefit to the borough. An initial 5% of CIL funds collected is retained by the council for administration purposes and 15% of the funds are allocated in local areas to infrastructure projects which are required in the communities where development took place.

With this in mind, I urge that this Council agrees that strategic CIL bids to support infrastructure in Staines are given significant weight in decision-making on CIL expenditure to reflect the quantum of development in Staines and the amount of funding these schemes contribute to the pot."
