Good morning,

With regards to the up coming hearing on 27<sup>th</sup> April . I apologize if this is not an issue you would deal with but I would like it brought to the councils attention the 'al fresco' dining that took place last year outside the Royal Grill.

I xxxxxxx am badly affected by the noise and passage of people outside my house. My assumption is that where they have set up their tables and chairs is a public pathway and no permission has been granted for this to happen.

I feel this should be brought to the councils attention in connection with my objection to the extension of opening hours at the Royal Grill.

Thank you

Nichola Rose

PS. I will be sending a photograph of the current state of the pavement outside the Royal Grill on a separate email.

Thanking you again.
