

## CIL Update

The Strategic CIL Bidding Round closed on the 30<sup>th</sup> June. A number of bids were received which have undergone an initial Officer review and will be presented to the CIL Task Group in due course. The Local CIL Spending Boards took place in early August. We were pleased to see applications come forwards from worthy community projects, and Local CIL has been allocated to best support the areas and projects which require it. Chairs were elected for the Local Boards who will now sit on the Strategic CIL Task Group in order to ensure borough wide representation to consider Strategic Bids going forward.
