| | | projections and medium |
| | | term financial strategy. |
| | | Medium term |
| | | projections are updated |
| | | and reported as part of |

| | Detailed Budget approved by Council |
|---|--|
| Consistent overspends, frequent use of virements, and no credible plan to reduce unaffordable debt and maintain sustainable finances, and recurrent non-delivery of savings plans | In most years, the Council has had underspends and is currently projected to have an underspend. Limited use made of virements. While the Council has significant debt incurred in period 2016-18, it as fixed rates of interest (average 2.3%) and is being paid down on an annual basis, and the income associated with the investment assets financed by the borrowing comfortably exceeds the financing costs |
| Avoidance of/failure to implement difficult budget decisions. | Council in October 2023 made the decision to step back from financing the housing and regeneration programme and to seek to advance through a new place making and joint venture strategy. The Council will however need to make decisions which achieve viable outcomes on these sites. |
| No evidence of transformation to create efficiency savings | Pre-pandemic Council reduced its use of office space by 42% to free up West Wing to convert into affordable housing accommodation. Council is advancing a Digital Transformation Programme and is progressing several |

| | service collaborations with other councils including the finance partnership with Mole Valley |
|---|--|
| Inadequate reserves, savings not achieved and poor benefits realisation. | Over the last seven years the Council has steadily increased its reserves- cash backed reserves (excluding CIL and developer contributions) wer £62m at 31.3.23. LG Improve benchmarking has identified that as at March 2023 Spelthorne had the highest ratio of revenue reserves to net budgeted revenue expenditure of any district or borough council in England |
| Consistent reliance on reserves to balance an outturn position. | In most years the Council has not had to use reserves to balance the budget. In 2024-25 due to the £907k housing growth pressures £703.6k of reserves is being used. However the intention is to replenish these reserves in 2025-26 |
| Unlawful or excessively risky borrowing and investment practices with no adequate risk management strategy in place for financial losses. | Council always seeks legal advice on significant or unusual transactions. Council is focused on effective risk mitigation strategies. We periodically bring external consultants to review our investment portfolio (most recently February 2024). The building up of the sinking funds reserves is a key part of the risk mitigation strategy |

| Failure to manage the risks associated with companies. | The Council has studied the lessons from failures elsewhere such as Croydon, and has regard to CIPFA guidance on local authority companies, and Local Partnerships guidance. The Council has appointed two experienced Non- Executive Directors onto the Board of its Housing Management Company. Its Housing company is independently audited and reports annually to Corporate Policy and Resources Committee |
|---|---|
| An authority that has issued a Section 114 Notice. | We have never issued a S114 notice |
| Significant weaknesses identified in the annual audit report for financial sustainability, and/or statutory recommendations or a public interest report is issued. | Annual audit report for 2022-23 did not identify significant weakness. Key themes drawn out from internal audit activity and wider assurance work were referred to in the annual audit report and Annual Governance Statement External auditors did issue a public interest report for 2017-2018. Council has in response implemented an action plan |
| High dependency on high-risk commercial income for service delivery and balancing budgets. | It is true that that equivalent to a third of the gross cost of total service expenditure is financed from commercial income. This is why there is a |

| | significant focus on managing and mitigating the associated risk |
|--|--|
| Non-compliance with accounting requirements regarding MRP. | We fully comply with both the letter and spirit of MRP requirements |
| A finance function that is not fit for purpose owing to capacity or capability issues. | Council had a positive LGA Finance Peer Review in 2021. The Council has invested in growing the Finance team and upgrading the financial software platform. We have created two CIPFA apprentice posts. Looking to further enhance resilience and capacity by the Finance partnership |
| Underinvestment in back- office services, which affects capacity and succession planning | Investment in Finance as set out above. We are investing to enhance capacity and resilience in Internal Audit by joining the Southern Internal Audit Partnership |
| Inefficient or uncompetitive procurement arrangements that do not deliver value for money | Considerable work has been undertaken to improve the procurement arrangements |
| IT that is not capable of doing the job for which it is designed. | Equipment is kept up to date and refreshed regularly. Core infrastructure and end user devices are replaced on a 5 year cycle. Mobiles and tablets are replaced once they are no longer receiving security updates. |

| <u>г</u> | |
|----------|--------------------------------------|
| | All devices are |
| | managed centrally via |
| | InTune. |
| | The network is PSN |
| | accredited annually. |
| | The network is securely |
