Spelthorne Borough Council's **Corporate Priorities** 2024 - 2028

PRIORITIES

Community

To place the needs of the Borough at the heart of everything we do; supporting residents to live healthy and fulfilling lives and empowering communities so they feel included, valued, supported and safe.

Addressing housing need

To support the delivery of high-quality housing and solutions to allow residents to live independently which meets the needs of all sections of the community at every stage of life, addressing the challenges around availability, affordability and homelessness.

Resilience

To ensure prudent management of our finances and resources and create a climate in which businesses and individuals can thrive. Work with our partners to maintain our preparedness for emergencies.

Environment

To work with our residents, suppliers and partners to minimise our impact on the environment and achieve our Council goal of 'net zero' carbon emissions by 2030. To maintain a clean and attractive Borough which supports biodiversity.

Services

To deliver a wide range of high-quality community focused and accessible services for everyone who lives and works in Spelthorne, striving for continuous improvement in all aspects of our work and providing excellent customer care.

Putting residents at the heart of everything we do.
